

Conversation Memo

Date: March 1, 2016

From: Craig L. Saxton

Re: Notice of Appearance 94-4061, 94-4062, 94-7049

I received a call from Dianna Dodson on behalf of Charles M. Dodson. Charles M. Dodson is listed as the attorney on Kellogg Joint School District #391 CSRBA claims and recommendations. Diana Dodson recently received copies of the Basin 94 Director's Report and called to let me know that Charles M. Dodson was no longer practicing and he should be removed as the attorney of record.

I called the School District (208.784.1348) and spoke with Woody Woodford (I think), the superintendant. He told me that they have been working with Amy G. White of Anderson, Julian & Hull LLP. He said that Ms. White had worked with the school district on several issues, but not yet water right issues.

I Mr. Woodford that in order to remove Charles M. Dodson as the attorney of record and add Amy G. White, I would need Ms. White to submit a notice of appearance, or a notice of change in council. Mr. Woodford was going to call Ms. White and relay that message.

In the meantime, Mr. Woodford did confirm that he had copies of the basin 94 recommendations and would review them with Tim Etherton, Facilities Manager.

After our conversation I called Dianna Dodson back and told her that Charles would be removed as the attorney of record once Ms. White submitted the notice of appearance and that no action on Mr. Dodson's part was required.
