TO OBJECTOR'S FIRST REQUESTS FOR DISCOVERY - 1**

Client:4088701.1

COME NOW Claimants Gordon G. Rathbun and Ruth B. Rathbun, by and through undersigned counsel of record, and respond to Objector's First Requests for Discovery as follows:

REQUESTS FOR ADMISSION

REQUEST FOR ADMISSION NO. 1: Please admit that the United States of America is the legal owner, and the Coeur d'Alene Tribe is the beneficial owner of the submerged bed and banks of Coeur d'Alene Lake and the St. Joe River within the exterior boundaries of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 1: Objection is made to Request for Admission No. 1 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Terms defined in this Request refer to court decisions, which speak for themselves. Responding Claimants also object to this Request for Admission No. 1 because it seeks a legal conclusion regarding the ownership of "the submerged bed and banks of Coeur d'Alene Lake and the St. Joe River within the exterior boundaries of the Coeur d'Alene Indian Reservation." Without waiving these objections, Claimants deny Request for Admission No. 1.

REQUEST FOR ADMISSION NO. 2: Please admit that the United States of America, as the trustee, and the Coeur d'Alene Tribe, as the beneficially interested party of the trusteeship, is entitled to the exclusive use, occupancy, and right to the quiet enjoyment of the bed and banks of the Coeur d'Alene Lake and the St. Joe River within the current boundaries of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 2: Objection is made to Request for Admission No. 2 on the grounds that it is vague, overly broad, unduly burdensome

and not reasonably calculated to lead to the discovery of any admissible evidence. Terms defined in this Request refer to court decisions, which speak for themselves. Responding Claimants also object to this Request for Admission No. 2 because it seeks a legal conclusion regarding the ownership of “the submerged bed and banks of Coeur d’Alene Lake and the St. Joe River within the exterior boundaries of the Coeur d’Alene Indian Reservation.” Without waiving these objections, Claimants deny Request for Admission No. 2.

REQUEST FOR ADMISSION NO. 3: Please admit that the State if [sic] Idaho is permanently enjoined from asserting any right, title or otherwise interest in or to the bed and banks of the Coeur d’Alene Lake and the St. Joe River within the current boundaries of the Coeur d’Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 3: Objection is made to Request for Admission No. 3 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving the objection, Claimants lack sufficient information to either admit or deny Request for Admission No. 3 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 4: Please admit that the Coeur d’Alene Tribe has the inherent right to exclude non-members of the Coeur d’Alene Tribe from tribally owned lands within the Coeur d’Alene Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 4: Objection is made to Request for Admission No. 4 on the grounds that it is vague and overly broad. Without waiving the objection, Claimants lack sufficient information to either admit or deny Request for Admission No. 4 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 5: Please admit that the point of diversion for this claim is located within the exterior boundary of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 5: Objection is made to Request for Admission No. 5 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving the objection, Claimants deny Request for Admission No. 5.

REQUEST FOR ADMISSION NO. 6: Please admit that the presumed OHWM for Coeur d'Alene Lake and the St. Joe River is 2128 feet above sea level.

RESPONSE TO REQUEST FOR ADMISSION NO. 6: Objection is made to Request for Admission No. 6 on the grounds that it seeks a legal conclusion regarding the "OHWM for Coeur d'Alene and the St. Joe River." Terms defined in this Request refer to court decisions, which speak for themselves. Without waiving these objections, Claimants deny Request for Admission No. 6.

REQUEST FOR ADMISSION NO. 7: Please admit that the point of diversion and/or some or all of the diversion works at issue in the above-encaptioned matter is below the presumed OHWM of the St. Joe River.

RESPONSE TO REQUEST FOR ADMISSION NO. 7: Objection is made to Request for Admission No. 7 on the grounds that it seeks a legal conclusion regarding the "OHWM of the St. Joe River." Terms defined in this Request refer to court decisions, which speak for themselves. Without waiving the objection, Claimants lack sufficient information to either admit or deny Request for Admission No. 7 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 8: Please admit that the waters overlying the bed and banks at the location of Claimant(s)['] water diversion point are navigable.

RESPONSE TO REQUEST FOR ADMISSION NO. 8: Objection is made to Request for Admission No. 8 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. With waiving the objection, Claimants lack sufficient information to either admit or deny Request for Admission No. 8 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 9: Please admit that under Idaho law the point of diversion for a water right is the point at which water is diverted from a natural water channel and put to beneficial use.

RESPONSE TO REQUEST FOR ADMISSION NO. 9: Objection is made to Request for Admission No. 9 on the grounds that it seeks a legal conclusion regarding “the point of diversion for a water right” and is not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving the objection, Claimants deny Request for Admission No. 9.

REQUEST FOR ADMISSION NO. 10: Please admit that Claimant(s) did not have permission to encroach upon the submerged lands of the St. Joe River from either the United States or the Coeur d’Alene Tribe at the time the diversion works were constructed for this claim.

RESPONSE TO REQUEST FOR ADMISSION NO. 10: Objection is made to Request for Admission No. 10 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Terms defined in this Request refer to court decisions, which speak for themselves. Responding Claimants also object to this Request for Admission No. 10 because it seeks a legal conclusion.

Without waiving these objections, Claimants lack sufficient information to either admit or deny Request for Admission No. 10 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 11: Please admit that since the time Claimant(s) began diverting water from the St. Joe River he/she has never received permission to encroach upon the submerged lands of the St. Joe River from either the United States or the Coeur d'Alene Tribe for Claimant(s)[''] diversionary works.

RESPONSE TO REQUEST FOR ADMISSION NO. 11: Objection is made to Request for Admission No. 11 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Terms defined in this Request refer to court decisions, which speak for themselves. Responding Claimants also object to this Request for Admission No. 11 because it seeks a legal conclusion. Without waiving these objections, Claimants lack sufficient information to either admit or deny Request for Admission No. 11 at this time, and therefore, denies the same.

REQUEST FOR ADMISSION NO. 12: Please admit that under Idaho law a water right may not be initiated or maintained in trespass.

RESPONSE TO REQUEST FOR ADMISSION NO. 12: Objection is made to Request for Admission No. 12 on the grounds that it seeks a legal conclusion and is not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving the objection, Claimants deny Request for Admission No. 12.

REQUEST FOR ADMISSION NO. 13: Please admit that the Claimant(s) does not have the right to enter the lands of the Coeur d'Alene Tribe for the purposes of maintaining his/her diversion works.

RESPONSE TO REQUEST FOR ADMISSION NO. 13: Objection is made to Request for Admission No. 13 on the grounds that it is vague. Responding Claimants also object to this Request for Admission No. 13 on the grounds that it seeks a legal conclusion and is not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving these objections, Claimants deny Request for Admission No. 13.

REQUEST FOR ADMISSION NO. 14: Please admit that a decreed water right and/or an IDWR water permit or license does not authorize the holder of said right, permit, or license to trespass on the land of another for any purpose.

RESPONSE TO REQUEST FOR ADMISSION NO. 14: Objection is made to Request for Admission No. 14 on the grounds that it seeks a legal conclusion and is not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving the objection, Claimants deny Request for Admission No. 14.

REQUEST FOR ADMISSION NO. 15: Please admit that under Idaho law riparian rights are limited to the right to maintain adjacency to navigable waters and to build or use aids to navigation but does not provide for any right to make any consumptive use of water or right of access for the appropriation of water.

RESPONSE TO REQUEST FOR ADMISSION NO. 15: Objection is made to Request for Admission No. 15 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Terms defined in this Request refer to court decisions, which speak for themselves. Responding Claimants also object to this Request for Admission No. 15 because it seeks a legal conclusion. Without waiving these objections, Claimants deny Request for Admission No. 15.

INTERROGATORIES

INTERROGATORY NO. 1: If you deny any of the Requests for Admissions 1-15 above, please state the legal and/or factual basis of each denial, if any.

ANSWER NO. 1: See Responses to Request for Admissions No. 1-15.

INTERROGATORY NO. 2: Please identify the legal basis which you intend to rely upon for support of your statements in your response to the Tribe's objection:

“The U.S. did not reserve any other littoral or riparian rights in regard to the subject lands which are ordinarily attendant to waterfront property, including the right to access water, to wharfage, or to use the adjacent water. These rights are therefore appurtenant to and including [sic] with those waterfront lands sold by the U.S. and are subject only to State law regulation as provided by the Acts of Congress enabling the alienation of those lands.”

ANSWER NO. 2: Objection is made to Interrogatory No. 2 on the grounds that it seeks a legal conclusion. Notwithstanding the objection, the statement in Claimants' response to the Tribe's objection speaks for itself.

INTERROGATORY NO. 3: Does the Claimant(s) hold an encroachment permit from the Coeur d'Alene Tribe for any purpose? If so, what is the encroachment type and Tribal permit number?

ANSWER NO. 3: Objection is made to Interrogatory No. 3 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Notwithstanding the objection, the encroachment permits of Claimants, if any, are available to and held by the Tribe.

INTERROGATORY NO. 4: Before installing the diversionary works in the St. Joe River, did Claimant(s), or Claimant(s)['] predecessors in title request the permission of either the United States or Tribe to encroach upon the submerged lands of the St. Joe River?

ANSWER NO. 4: Objection is made to Interrogatory No. 4 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Notwithstanding the objection, Claimants did not request the permission of either the United States or Tribe to encroach upon the submerged lands of the St. Joe River.

INTERROGATORY NO. 5: Please state the name, address, telephone number, and type of testimony, lay or expert, for any witnesses you may call at trial of this matter.

ANSWER NO. 5: Claimants are unsure, at this time, whom they may call as witnesses at the time of hearing. Claimants reserve the right to supplement this answer in a timely manner prior to hearing and pursuant to any trial schedule produced by the court. Claimants may call any and all of the individuals identified during discovery, to include, but not be limited to the following individuals:

a) Claimants, Gordon G. Rathbun and Ruth B. Rathbun, c/o Norman Semanko, Attorney at Law, 101 S. Capitol Blvd., 10th Floor, P.O. Box 829, Boise, Idaho 83701-0829.

INTERROGATORY NO. 6: For each person listed as an expert witness above, please:

- (a) State the subject matter on which the expert is expected to testify;
- (b) Provide a complete statement of all opinions to be expressed and the basis and reasons therefore;
- (c) Provide the facts, data or other information considered by the witness in forming his or her opinions;

(d) Note any exhibits to be used by the expert witness as a summary of or support for the opinions; and,

(e) Provide the qualifications of the witness, including a list of all publications (co)authored by the witness within the preceding ten (10) years, the compensation to be paid for the testimony, and a list of other cases in which the witness has testified as an expert at trial or by deposition within the four preceding years.

ANSWER NO. 6: Claimants are unsure, at this time, whom they may call as witnesses at the time of hearing. Claimants reserve the right to supplement this answer in a timely manner prior to hearing and pursuant to any trial schedule produced by the court.

INTERROGATORY NO. 7: Please describe the Claimant(s)[] diversion works and water system from the point of diversion to the place of use, including but not limited to, a description of all materials located in the water, the pump capacity (in gallons per minute), the conduit diameter(s) (in inches), any storage facilities on the property (and storage volume in gallons), and a description of the water conveyance on the property.

ANSWER NO. 7: Objection is made to Interrogatory No. 7 on the grounds that the information requested is equally available to the Tribe as to the Claimants. Notwithstanding the objection, documents containing the information requested in Interrogatory No. 7 are available in the Claimants' licensing file online on the Idaho Department of Water Resources' website at <http://www.idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>.

INTERROGATORY NO. 8: If the Claimant(s) assert anyone other than the Coeur d'Alene Tribe owns the submerged lands underlying the claimant's point of diversion please list the name and contact information of such person or entity.

ANSWER NO. 8: Objection is made to Interrogatory No. 8 on the grounds that it is vague, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of any admissible evidence. Notwithstanding the objection, either Claimants or the State of Idaho own the submerged lands underlying the Claimants' point of diversion.
