RE: CSRBA Water Right Claim 95-13735

Dear Claimant(s):

The Department of Water Resources has received your Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim. We are unable to recommend your Adjudication Claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for the domestic and irrigation use of two springs in addition to water from Coeur d'Alene Lake. The evidence provided indicates that the use of these different water sources began at different times. We are only able to recommend this claim for the domestic use of the two springs. If you wish to claim the water use from the lake, you will need to file an additional water right claim for that source and priority date. A claim for domestic use from the lake would include the irrigation of lawn and garden up to ½ acre.

With regards to your existing claim, the information provided does not include a detailed location of your points of diversion (POD). I have enclosed a parcel map of the claimed property. Please mark the map with the approximate location of your two PODs (springs) and return it to our office at the address listed above. We will move forward with the recommendation of your CSRBA Water Right Claim once provided sufficient evidence of the POD locations. Please submit the required evidence within 30 days, referencing all documents with the corresponding claim number.

If you have any questions or concerns, do not hesitate to contact our office and we will be happy to help. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

A handwritten signature in black ink, appearing to read 'Evan W. Roda'.

Evan W. Roda
