SUBJECT: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim Number 95-8207

Dear Ms. Rowley:

The Idaho Department of Water Resources has received your CSRBA Notice of Claim to a Water Right. We are unable to recommend your Adjudication Claim at this time for the following reason:

The Notice of Claim was filed different than the license. Notice of Claim Number 95-8207 was filed for domestic use from a groundwater source based on a previously issued water right license. The diversion rate claimed for the domestic use is 0.04 cubic feet per second (cfs) and less than 2500 gallons per day (gpd) for nine homes, but the license on which the claim is based is for eight homes at 0.04 cfs and 4.8 acre-feet per year (afy).

Before this water right can be recommended to the Court, an amended claim form with the correct diversion rate and usage must be completed. For your convenience, I am sending you an amended CSRBA Notice of Claim for claim number 95-8207. Please review this claim for accuracy, sign and date under item 16, and return to my attention at the address listed above.

We will also need an additional filing fee of \$29.00. This is because the filing fee of \$25.00 applies to those claims which are for single family domestic uses with water usage less than 13,000 gallons per day. The flat fee for all other claims is \$50.00 plus a variable fee of \$100 per cfs, for a total due of \$54.00. We can apply this fee to the fee already paid; consequently, \$54.00 minus \$25.00 paid on July 9, 2010, is equal to \$29.00.

In regard to the additional home(s) not covered under the original license; the homeowners may apply for a new water right based on their individual usage.

Please return this information by April 25, 2016. Feel free to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
