Re: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-15199

Dear Mr. or Ms. Danner:

The Notice of Claim to a Water Right identified with the number shown above has been filed in the Coeur D'Alene-Spokane River Basin Adjudication. The claim indicates your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.

Enclosed you will find the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

Also, there are some items left blank on the claim form which we need completed before we can make a proper recommendation to the CSRBA Court for decree. They are as follows:

Item Number 4 – Location of Point of Diversion – the legal description for the property at 62458 S Powderhorn Bay Road is T48N R04W, Section 15, SE1/4SE1/4, Government Lot 1.

Item Number 6 – Please describe the purpose of use, period of usage and amount of water used.
For a domestic usage an individual will generally claim a year around usage with a quantity of 0.04 cubic feet per second (cfs), which is approximately equal to 18.0 gallons per minute (gpm).

Item Number 7 – Total Quantity Claimed

Item Number 9 – Location of Place of Use. This would be the same as item 4 if the well and the place of use are on the same lot.

One more item – has there been an ownership change of the property? Data supplied by the Kootenai County Assessor's Office shows that the property is in the name of the Danner Family Trust. I have enclosed a change of ownership form which may be completed, if necessary.

Please initial and date any additions or changes that you make to the claim form. I would appreciate it if you would return this information, to my attention, by May 6, 2016, as this will allow us to complete your recommendation in a timely manner. Feel free to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
