Case No. 49576

Subcase No. 92-7219

**CLAIMANT JON GRAVESTOCK'S
AMENDED RESPONSES TO
OBJECTOR'S FIRST REQUESTS FOR
DISCOVERY**

Jon Gravestock,

Claimant,

vs.

Coeur d'Alene Tribe, a federally-recognized
Indian tribe,

Objector.

COMES NOW Claimant Jon Gravestock, by and through undersigned counsel of record, and provides amended responses to Objector's First Requests for Discovery, which replace in total Claimant's previous Responses to Objector's First Requests for Discovery, dated March 7, 2016, as follows:

REQUESTS FOR ADMISSION

REQUEST FOR ADMISSION NO. 1: Please admit that the United States of America is the legal owner, and the Coeur d'Alene Tribe is the beneficial owner of the submerged bed and banks of Coeur d'Alene Lake and the St. Joe River within the exterior boundaries of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 1: Objection is made to Request for Admission No. 1 on the grounds that the term "exterior boundaries of the Coeur d'Alene Indian Reservation" is vague. Responding Claimant also objects to this Request for Admission No. 1 because it seeks a legal conclusion or opinion regarding who owns "the submerged bed and banks of Coeur d'Alene Lake and the St. Joe River within the exterior boundaries of the Coeur d'Alene Indian Reservation." Without waiving these objections, Claimant admits that in *United States v. Idaho*, 95 F. Supp. 2d 1094, 1117 (1998), the court stated the following: "[t]itle is quieted in favor of the United States, as trustee, and the Coeur d'Alene Tribe of Idaho, as the beneficially interested party of the trusteeship, to the bed and banks of the Coeur d'Alene Lake and the St. Joe River lying within the current boundaries of the Coeur d'Alene Indian Reservation." However, Claimant denies that the United States and the Coeur d'Alene Tribe own any submerged bed and banks at Claimant's point of diversion.

REQUEST FOR ADMISSION NO. 2: Please admit that the United States of America, as the trustee, and the Coeur d'Alene Tribe, as the beneficially interested party of the

trusteeship, is entitled to the exclusive use, occupancy, and right to the quiet enjoyment of the bed and banks of the Coeur d'Alene Lake and the St. Joe River within the current boundaries of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 2: Objection is made to Request for Admission No. 2 on the grounds that it seeks a legal conclusion or opinion regarding who owns "the bed and banks of the Coeur d'Alene Lake and the St. Joe River within the current boundaries of the Coeur d'Alene Indian Reservation." Without waiving this objection, Claimant admits that in *United States v. Idaho*, 95 F. Supp. 2d 1094, 1117 (1998), the court stated the following: "[t]he United States, as trustee, and the Coeur d'Alene Tribe of Idaho, as the beneficially interested party of the trusteeship, are entitled to the exclusive use, occupancy and right to the quiet enjoyment of the bed and banks of the Coeur d'Alene Lake and the St. Joe River lying within the current boundaries of the Coeur d'Alene Indian Reservation." However, Claimant denies that the United States and the Coeur d'Alene Tribe are entitled to the exclusive use, occupancy, and right to the quiet enjoyment of the bed and banks at Claimant's point of diversion.

REQUEST FOR ADMISSION NO. 3: Please admit that the State if [sic] Idaho is permanently enjoined from asserting any right, title or otherwise interest in or to the bed and banks of the Coeur d'Alene Lake and the St. Joe River within the current boundaries of the Coeur d'Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 3: Objection is made to this Request for Admission No. 3 because it seeks a legal conclusion or opinion regarding the State of Idaho's right, title or interest "in or to the bed and banks of the Coeur d'Alene Lake and the St. Joe River within the current boundaries of the Coeur d'Alene Indian Reservation." Without

waiving this objection, Claimant admits that in *United States v. Idaho*, 95 F. Supp. 2d 1094, 1117 (1998), the court stated the following: “[t]he State of Idaho is permanently enjoined from asserting any right, title or otherwise interest in or to the bed and banks of the Coeur d’Alene Lake and the St. Joe River lying within the current boundaries of the Coeur d’Alene Indian Reservation.” However, Claimant denies that the State of Idaho is permanently enjoined from asserting a right, title or interest in or to the bed and banks at Claimant’s point of diversion.

REQUEST FOR ADMISSION NO. 4: Please admit that the Coeur d’Alene Tribe has the inherent right to exclude non-members of the Coeur d’Alene Tribe from tribally owned lands within the Coeur d’Alene Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 4: Objection is made to Request for Admission No. 4 on the grounds that the terms “inherent right,” “non-members,” and “tribally owned lands within the Coeur d’Alene Reservation” are vague and that this Request is not reasonably calculated to lead to the discovery of any admissible evidence. Without waiving these objections, Claimant admits that in *United States v. Idaho*, 95 F. Supp. 2d 1094, 1117 (1998), the court stated the following: “[t]he Coeur d’Alene Tribe of Idaho, as the beneficially interested party of the trusteeship, [is] entitled to the exclusive use, occupancy and right to the quiet enjoyment of the bed and banks of the Coeur d’Alene Lake and the St. Joe River lying within the current boundaries of the Coeur d’Alene Indian Reservation.” However, Claimant denies that the Coeur d’Alene Tribe has any right to exclude Claimant from the lands at Claimant’s point of diversion.

REQUEST FOR ADMISSION NO. 5: Please admit that the point of diversion for this claim is located within the exterior boundary of the Coeur d’Alene Indian Reservation.

RESPONSE TO REQUEST FOR ADMISSION NO. 5: Objection is made to Request for Admission No. 5 on the grounds that the term “exterior boundary of the Coeur d’Alene Indian Reservation” is vague. Without waiving this objection, Claimant admits that the point of diversion for this claim is located within the current boundary of the Coeur d’Alene Indian Reservation. However, Claimant denies that the United States and the Coeur d’Alene Tribe own the lands at Claimant’s point of diversion.

REQUEST FOR ADMISSION NO. 6: Please admit that the presumed OHWM for Coeur d’Alene Lake and the St. Joe River is 2128 feet above sea level.

RESPONSE TO REQUEST FOR ADMISSION NO. 6: Objection is made to Request for Admission No. 6 on the grounds that the term “presumed OHWM” is vague and without temporal context. Without waiving this objection, Claimant admits that in *City of Coeur d’Alene v. Mackin (In re Ownership of Sanders Beach)*, the court stated the following: “[t]he current OHWM of the Lake is 2128 feet” and “the OHWM of Lake Coeur d’Alene has been 2128 feet since 1907.” 143 Idaho 443, 447, 147 P.3d 75, 79 (2006) (citing *Erickson v. State*, 132 Idaho 208, 211, 970 P.2d 1, 4 (1998)); *Id.* at 451, 83. However, Claimant denies that the historic OHWM or the natural high water mark for Coeur d’Alene Lake and the St. Joe River is or has always been 2128 feet.

REQUEST FOR ADMISSION NO. 7: Please admit that the point of diversion and/or some or all of the diversion works at issue in the above-encaptioned matter is below the presumed OHWM of the St. Joe River.

RESPONSE TO REQUEST FOR ADMISSION NO. 7: Objection is made to Request for Admission No. 7 on the grounds that the term “presumed OHWM” is vague and without temporal context. Without waiving this objection, Claimant admits that in *City of Coeur*

d'Alene v. Mackin (In re Ownership of Sanders Beach), the court stated the following: “[t]he current OHWM of the Lake is 2128 feet” and “the OHWM of Lake Coeur d’Alene has been 2128 feet since 1907.” 143 Idaho 443, 447, 147 P.3d 75, 79 (2006) (citing *Erickson v. State*, 132 Idaho 208, 211, 970 P.2d 1, 4 (1998)); *Id.* at 451, 83. However, Claimant denies that the historic OHWM or the natural high water mark for Coeur d’Alene Lake and the St. Joe River is or has always been 2128 feet and further denies that the point of diversion and/or some or all of the diversion works at issue in this claim are below the applicable natural or ordinary high water mark.

REQUEST FOR ADMISSION NO. 8: Please admit that the waters overlying the bed and banks at the location of Claimant(s)[’] water diversion point are navigable.

RESPONSE TO REQUEST FOR ADMISSION NO. 8: Objection is made to Request for Admission No. 8 on the grounds that the term “navigable” is vague. Responding Claimant also objects to this Request for Admission No. 8 because it seeks a legal conclusion or opinion regarding whether “the waters overlying the bed and banks at the location of Claimant’s water diversion point are navigable.” Without waiving these objections, Claimant admits that said waters are “navigable” according to Claimant’s understanding of the definition in Idaho Code Section 36-1601 and the definition in 33 U.S.C. § 1362.

REQUEST FOR ADMISSION NO. 9: Please admit that under Idaho law the point of diversion for a water right is the point at which water is diverted from a natural water channel and put to beneficial use.

RESPONSE TO REQUEST FOR ADMISSION NO. 9: Objection is made to Request for Admission No. 9 on the grounds that it seeks a legal conclusion or opinion on what constitutes “the point of diversion for a water right” under Idaho law and is not reasonably

calculated to lead to the discovery of any admissible evidence because it seeks a legal conclusion. Without waiving the objection, Claimant therefore denies the same.

REQUEST FOR ADMISSION NO. 10: Please admit that Claimant(s) did not have permission to encroach upon the submerged lands of the St. Joe River from either the United States or the Coeur d'Alene Tribe at the time the diversion works were constructed for this claim.

RESPONSE TO REQUEST FOR ADMISSION NO. 10: Objection is made to Request for Admission No. 10 on the grounds that the term "permission to encroach upon the submerged lands of the St. Joe River" is vague. Responding Claimant also objects to this Request for Admission No. 10 because it seeks a legal conclusion or opinion regarding who owns the "submerged lands of the St. Joe River." Without waiving these objections, Claimant admits that he did not have a permit from either the United States or the Coeur d'Alene Tribe to encroach upon the submerged lands of the St. Joe River at the time the diversion works were constructed for this claim. However, Claimant denies that the United States or the Coeur d'Alene Tribe owns the land upon which the diversion works may have been constructed and further denies that any such permission was needed.

REQUEST FOR ADMISSION NO. 11: Please admit that since the time Claimant(s) began diverting water from the St. Joe River he/she has never received permission to encroach upon the submerged lands of the St. Joe River from either the United States or the Coeur d'Alene Tribe for Claimant(s)[] diversionary works.

RESPONSE TO REQUEST FOR ADMISSION NO. 11: Objection is made to Request for Admission No. 11 on the grounds that the term "permission to encroach upon the submerged lands of the St. Joe River" is vague and the Request is vague as to time. Responding

Claimant also objects to this Request for Admission No. 11 because it seeks a legal conclusion or opinion regarding who owns the “submerged lands of the St. Joe River.” Without waiving these objections, Claimant admits that he has never received a permit from either the United States or the Coeur d’Alene Tribe to encroach upon the submerged lands of the St. Joe River for Claimant’s diversion works. However, Claimant denies that the United States or the Coeur d’Alene Tribe owns the land upon which the diversionary works may have been constructed and further denies that any such permission was needed.

REQUEST FOR ADMISSION NO. 12: Please admit that under Idaho law a water right may not be initiated or maintained in trespass.

RESPONSE TO REQUEST FOR ADMISSION NO. 12: Objection is made to Request for Admission No. 12 on the grounds that it seeks a legal conclusion or opinion on initiating a water right and trespass under Idaho law and is not reasonably calculated to lead to the discovery of any admissible evidence because it seeks a legal conclusion. Without waiving the objection, Claimant therefore denies the same.

REQUEST FOR ADMISSION NO. 13: Please admit that the Claimant(s) does not have the right to enter the lands of the Coeur d’Alene Tribe for the purposes of maintaining his/her diversion works.

RESPONSE TO REQUEST FOR ADMISSION NO. 13: Objection is made to Request for Admission No. 13 on the grounds that the terms “right” and “purposes of maintaining” are vague. Responding Claimant also objects to this Request for Admission No. 13 on the grounds that it seeks a legal conclusion regarding who owns the lands at Claimant’s point of diversion and the rights of Claimant to his diversion works. Without waiving these

objections, Claimant denies the Request for Admission No. 13, including any assertion that the Coeur d'Alene Tribe owns the lands at Claimant's point of diversion.

REQUEST FOR ADMISSION NO. 14: Please admit that a decreed water right and/or an IDWR water permit or license does not authorize the holder of said right, permit, or license to trespass on the land of another for any purpose.

RESPONSE TO REQUEST FOR ADMISSION NO. 14: Objection is made to Request for Admission No. 14 on the grounds that the terms "IDWR water permit or license" and "for any purpose" are vague. Responding Claimant also objects to this Request for Admission No. 14 because it seeks a legal conclusion or opinion on the rights of a water right holder and trespass under Idaho law and is not reasonably calculated to lead to the discovery of any admissible evidence because it seeks a legal conclusion. Without waiving these objections, Claimant therefore denies the same, including any assertion that Claimant has trespassed or is trespassing on the land of another.

REQUEST FOR ADMISSION NO. 15: Please admit that under Idaho law riparian rights are limited to the right to maintain adjacency to navigable waters and to build or use aids to navigation but does not provide for any right to make any consumptive use of water or right of access for the appropriation of water.

RESPONSE TO REQUEST FOR ADMISSION NO. 15: Objection is made to Request for Admission No. 15 on the grounds that the term "right to maintain adjacency to navigable waters" is vague. Responding Claimant also objects to this Request for Admission No. 15 because it seeks a legal conclusion or opinion on riparian rights under Idaho law and is not reasonably calculated to lead to the discovery of any admissible evidence because it seeks a legal conclusion. Without waiving the objection, Claimant therefore denies the same, including

any assertion that Claimant has no right to make any consumptive use of water or right of access for the appropriation of water.

INTERROGATORIES

INTERROGATORY NO. 1: If you deny any of the Requests for Admissions 1-15 above, please state the legal and/or factual basis of each denial, if any.

ANSWER NO. 1: See Responses to Request for Admission Nos. 1-15.

INTERROGATORY NO. 2: Please identify the legal basis which you intend to rely upon for support of your statements in your response to the Tribe's objection:

"The U.S. did not reserve any other littoral or riparian rights in regard to the subject lands which are ordinarily attendant to waterfront property, including the right to access water, to wharfage, or to use the adjacent water. These rights are therefore appurtenant to and including [sic] with those waterfront lands sold by the U.S. and are subject only to State law regulation as provided by the Acts of Congress enabling the alienation of those lands."

ANSWER NO. 2: Objection is made to Interrogatory No. 2 on the grounds that the Claimant did not file the above-mentioned response to the Tribe's objection.

Notwithstanding the objection, the response to the Tribe's objection speaks for itself.

INTERROGATORY NO. 3: Does the Claimant(s) hold an encroachment permit from the Coeur d'Alene Tribe for any purpose? If so, what is the encroachment type and Tribal permit number?

ANSWER NO. 3: Claimant's encroachment permits from the Coeur d'Alene Tribe, if any, are available to and held by the Tribe.

INTERROGATORY NO. 4: Before installing the diversionary works in the St. Joe River, did Claimant(s), or Claimant(s)[] predecessors in title request the permission of either the United States or Tribe to encroach upon the submerged lands of the St. Joe River?

ANSWER NO. 4: Objection is made to Interrogatory No. 4 on the grounds that the term “permission...to encroach upon the submerged lands of the St. Joe River” is vague and the Interrogatory is vague as to time. Responding Claimant also objects to this Interrogatory No. 4 because it seeks a legal conclusion or opinion regarding who owns the “submerged lands of the St. Joe River.” Without waiving these objections, Claimant did not request permission of either the United States or the Coeur d’Alene Tribe to encroach upon the submerged lands of the St. Joe River for the installation of his diversionary works. However, Claimant did not need such permission because the United States and the Coeur d’Alene Tribe do not own the land upon which the diversionary works may have been installed.

INTERROGATORY NO. 5: Please state the name, address, telephone number, and type of testimony, lay or expert, for any witnesses you may call at trial of this matter.

ANSWER NO. 5: Claimant is unsure, at this time, whom he may call as witnesses at the time of hearing. Claimant reserves the right to supplement this answer in a timely manner prior to hearing and pursuant to any trial schedule produced by the court. Claimant may call any and all of the individuals identified during discovery, to include, but not be limited to the following individuals:

a) Claimant, Jon Gravestock, c/o Norman Semanko, Attorney at Law, 101 S. Capitol Blvd., 10th Floor, P.O. Box 829, Boise, Idaho 83701-0829.

INTERROGATORY NO. 6: For each person listed as an expert witness above, please:

- (a) State the subject matter on which the expert is expected to testify;
- (b) Provide a complete statement of all opinions to be expressed and the basis and reasons therefore;

(c) Provide the facts, data or other information considered by the witness in forming his or her opinions;

(d) Note any exhibits to be used by the expert witness as a summary of or support for the opinions; and,

(e) Provide the qualifications of the witness, including a list of all publications (co)authored by the witness within the preceding ten (10) years, the compensation to be paid for the testimony, and a list of other cases in which the witness has testified as an expert at trial or by deposition within the four preceding years.

ANSWER NO. 6: Claimant is unsure, at this time, whom he may call as witnesses at the time of hearing. Claimant reserves the right to supplement this answer in a timely manner prior to hearing and pursuant to any trial schedule produced by the court.

INTERROGATORY NO. 7: Please describe the Claimant(s)[] diversion works and water system from the point of diversion to the place of use, including but not limited to, a description of all materials located in the water, the pump capacity (in gallons per minute), the conduit diameter(s) (in inches), any storage facilities on the property (and storage volume in gallons), and a description of the water conveyance on the property.

ANSWER NO. 7: Objection is made to Interrogatory No. 7 on the grounds that the information requested is equally available to the Tribe as to the Claimant. Notwithstanding the objection, documents containing the information requested in Interrogatory No. 7 are available in the Claimant's licensing file online on the Idaho Department of Water Resources' website at <http://www.idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>. Claimant does not have possession, custody or control of any additional description of his

diversion works and water system, but reserves the right to supplement this answer in a timely manner.

INTERROGATORY NO. 8: If the Claimant(s) assert anyone other than the Coeur d'Alene Tribe owns the submerged lands underlying the claimant's point of diversion please list the name and contact information of such person or entity.

ANSWER NO. 8: Objection is made to Interrogatory No. 8 on the grounds that the Interrogatory is vague as to time. Responding Claimant also objects to this Interrogatory No. 8 because it seeks a legal conclusion or opinion regarding who owns the "submerged lands underlying the claimant's point of diversion." Notwithstanding the objection, Claimant or the State of Idaho own the submerged lands underlying the Claimant's point of diversion. The name and contact information are as follows: Jon Gravestock, c/o Norman Semanko, Attorney at Law, 101 S. Capitol Blvd., 10th Floor, P.O. Box 829, Boise, Idaho 83701-0829; State of Idaho, c/o Attorney General's Office, P.O. Box 83720, Boise, ID 83720-0010.
