

RECORD OF PHONE CONVERSATION

DATE: 4/14/2016

TIME: 11:51 AM

IDWR REPRESENTATIVE: Evan Roda

NOTES: Spoke with claimant Ron Glessner regarding the two water right claims on his property. He explained that his brother, Robert Glessner, had mistakenly listed his tax parcel (50N05W255600) as his place of use and point of diversion after being shown the parcel on an aerial photo. Robert's home is actually in the parcel just south of Ron's (50N05W256150) and his well is located on the south side of his home. Ron has only one well on his lot and it serves only his property. He noted that his well is located between the home and detached garage.
