From: Linda Werner, Water Resource Agent, Sr. J.W.

Subject: Signature on Amended Claims

On March 22, 2016, I sent a letter to the Norswings requesting that they send us evidence of priority. This resulted in an amended claim for the priority date; however, they did not initial and date the amendment. As a result, they faxed me a copy of page one of the amended claim. Consequently, the file contains two copies of page one and one copy of page two.
