I, Joe Scarcello (also known as Guiseppe Scarcello), being first duly sworn depose and say:

That I am 84 years of age. That I was born in Italy and came to this country in 1906. That I was residing on the NE $\frac{1}{4}$ of Section 9 in Township 52 North of Range 4 West of the Boise Meridian in Kootenai County, Idaho, in 1918 when Tony Scarcello, Frank Scarcello, Paul Scarcello and I started to dig the well on the NE $\frac{1}{4}$ of said Section 9.

That we dug by hand down to a dept of 165 feet, shoring it up with log timbers. That when we reached that depth we decided it was too much so hired Noah Washburn to come in with his well drilling rig and he drilled down to a depth of 380 feet. A casing 7 inches in diameter was installed together with a pump powered by a gas engine. That later we converted to an electric pump.

That we built the reservoir for the waters from said well in 1919 which is when the well was actually finished.

That the well and reservoir have been in continuous use at all times since 1919.

All of these things I know of my own knowledge.
