SUBJECT: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim Number 95-14037

Dear Mr. or Ms. Freeburg:

We're in the process of reviewing the above Notice of Claim for recommendation in the CSRBA. If you will recall, this is the claim filed with an August, 1965 priority date for domestic and in-stream stockwater usage from a spring and streams. I'm writing to advise you that we have recommended the claim for the domestic usage at two homes from the spring water source, but because of Adjudication Rules which prevent including more than one source per claim, we were unable to include the in-stream stockwatering usage.

If you would like to file a separate Notice of Claim for this usage, I have enclosed a blank claim form, with instructions, for this purpose. I'm also enclosing a map. Please show on the map where the in-stream stockwatering is occurring. The cost of the claim will be \$25.00. Also note, under item two it asks for the priority date; we do need evidence of this "first usage" date. I have enclosed a brochure entitled "Evidence of Priority" which will give examples of the kind of documents which may be used to support that date.

Please return these documents to my attention. Feel free to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
