Hi Chad,

I was on the phone with Richard Coburn about 95-4497, and I noticed that you have completed the recommendation for this claim. I know we have not had a chance to do much for training on domestic rights for multiple homes, but this claim is not quite ready for recommendation.

First, we need additional filing fees. The fee as claimed is \$62.00, and only \$25.00 was paid on receipt T090336. Is there another receipt associated with this claim?

Next, we need evidence of priority date, and since this is a ground water right, we will need to make a determination of historical beneficial use. That means, we will need to have a diversion volume limit for the right.

Mr. Coburn told me they are having a meeting with the homeowners, and they are going to try to assemble a document to provide the evidence of priority date. We may also see another amended claim that has the signatures of all of the homeowners on it.

Have a great weekend!

Carter
