RE: POU location for Claim 95-11651

Dear Claimant,

The Department of Water Resources has received your Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim. We are unable to recommend your Adjudication Claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for the domestic use of groundwater from three wells with a claimed priority date of September 24, 1979. The domestic usage was claimed for only one household, although two homes are located within the claimed place of use. Tax lot records for one of the claimed parcels (50N05W088050) indicate that a home was first built on the property in 1959. The other claimed parcel (50N05W088650) was first built upon in 1983 according to tax lot records. It is unclear which home you wish to claim your water use for, or if the three wells are connected to one delivery system.

We will move forward with the recommendation of your CSRBA Water Right claim once provided sufficient information about your claimed place of use, and the manner in which the homes are connected to the three wells. If the two homes are on both connected to the three wells, you will need to file an Amended Notice of Claim to a Water Right to include domestic use for two homes. If the homes are on separate water delivery systems, you will need to file an amended claim for one home, and a new claim for the other. **Please submit the required information within 30 days, referencing any additional documents with the corresponding claim number.**

If you have any questions or concerns, do not hesitate to contact our office and we will be happy to help. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

Evan W. Roda
Senior Water Resource Agent
