Congratulations

Here's your decreed water right!

You have received your partial decree of water rights in the Snake River Basin Adjudication (SRBA) with this brochure. The partial decree is the SRBA Court's official decision on your water right based on the claim to a water right you submitted.

The term "Partial Decree" simply means your water right represents only a small portion of the future SRBA decree. This partial decree is final; however, you may have the opportunity to correct errors and the right to an appeal.

This brochure is designed to help answer questions you may have about your water right and to provide a way to get more information or to have your questions answered.

Commonly Asked Questions

1. Do I need to do something?

Yes. Carefully check your partial decree to make sure all the information is correct. If there are errors, immediately call the Idaho Department of Water Resources (IDWR) to discuss the problem. You may need to request a change form. In some instances the correction can only be made by the SRBA Court. If so you will need to contact the court or approach an attorney to assist you. The phone numbers are on the back of this brochure.

If the partial decree correctly describes your water right, you do not need to do anything more. However, be sure to keep IDWR notified of any changes in ownership for all your water rights.

2. This is a copy of the partial decree for my water right. Where is the original?

The original partial decree for your water right will be retained by the Snake River Basin Adjudication

(SRBA) Court, and a certified copy will be permanently archived at IDWR. Copies are available upon request.

3. When will the SRBA be completed so my partial decree becomes part of the final decree?

The final decree will be issued at the end of the case when all water rights have been reviewed and disputes resolved. The SRBA Court and IDWR are moving forward as quickly as possible. This is a large, complex case with many legal and technical problems to resolve.

We anticipate that finalization of the process will require many more years of hard work. In the meantime, your partial decree represents a completion of the effort to decree your individual water right, and if you are not advised otherwise you can consider this process complete.

A Very Important Reminder

While the SRBA continues, the law requires that you notify IDWR if there are any name or address changes. If the property to which the right applies changes hands, please file a change of ownership with the form obtained from an IDWR office. Failure to file an ownership change may result in your right not being included in the final decree at the end of the case, a penalty of up to \$100 and restrictions on water use.

Re: Snake River Basin Adjudication SRBA
Cassia County

Dear Ms. Gummow:

We are returning your Notice of Claim to a Water Right filed for your property in Cassia County and Receipt #C007317, in the amount of \$25.00. We have noted some problems with your claim which we would like you to correct.

A critical item of the water right, the date of priority, was left off your claim. This is the date that the water was first placed to beneficial use to the best of your knowledge. If the source of your water is a groundwater source, i.e. a well, the date of priority date for any use other than single, family domestic use must be before March 25, 1963. If your use does not meet these requirements, an Application for Permit is necessary.

Also, please check instructions, Page #4, "Permit Requirements," in regard to mandatory permit requirements for groundwater. Instructions are enclosed for this purpose.

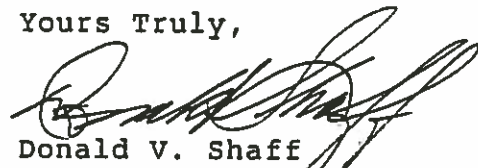

Item #13 was left blank. If you do not have other water rights used at this location for domestic and stockwater, please enter "none". If other water rights are used, please enter the water right numbers or description of the water rights, here.
