Fees for Services

In House: Fees for services are based on the time expended on the project by the professional, technical and clerical personnel as outlined in the signed agreement. Extra work will be billed based upon the hourly rates above or by specific price employing a change order form, acknowledged and signed by the client. The fee will be computed by multiplying the hourly rate by the time expended as recorded on the personnel time sheets. Requests by the Client and/or the Client's contractors for overtime services by the Consultant on weekdays, weekends, and holidays will be charged at 1-1/2 times the stipulated hourly rates. Requests for overtime must be received 24 hours prior to the time period required.

Reimbursable Expenses: Expenses incurred in connection with project tasks such as out-of-town subsistence, site visits, corporate vehicles, long distance telephone, FAX transmittals, reproduction of documents, transportation, vehicle rental, filing fees, permits, agency meetings and fees, research documents, and similar requirements will be invoiced at direct cost.

Service by Others: On occasion, specialized services by consultants, other professional / technical companies, testing laboratories, and contractors may be required. Such services will be utilized only with the approval of the Client. The cost of such services and contracting of such services will be the responsibility of the Client. Consultant will act as liaison between client and other consultants. The Client must make the results of other professional reports and tests available to their Contractor.
