I just spoke with Mr. Fred Brossy, the "Managing Member" of Barbara Farms LLC. He agreed that public land should be deleted from the above-referenced water rights, but suggested that the total irrigated acres on private land should be increased. He will call Steve Clelland to try to resolve this issue. When IDWR and Mr. Brossy resolve this issue, please draft SF-5s that delete the public land from the place of use element as follows:

T5S, R17E, Section 29 NESW 2.9 ac
 NWSE 0.1 ac

And recalculate quantity, if necessary. Mr. Brossy will sign the documents as "Fred K. Brossy III, Managing Member." Call Fred when the SF-5s are done. He will mail them to Mr. Brossy for signature. Mr. Brossy will mail them back to Fred who will obtain IDWR concurrence, and then send them to me for signature, filing, and service.

Thanks,

Larry
