RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) claim 95-9390
Insufficient Filing Fees – Amendment Required

Dear Mr. Watt:

The Idaho Department of Water Resources (IDWR) is currently in the process of reviewing claim 95-9390 filed in the CSRBA. It appears that the intent of claim 95-9390 was to claim irrigation of 1.5 acres as described in license 95-9390 (enclosed). However, the original claim was submitted on a form that is used for Domestic and Stockwater uses where the total use doesn't exceed 13,000 gallons per day.

Because of this, the claim is missing the number of acres claimed, and insufficient filing fees were paid.

We previously received \$25.00 in claim fees under receipt # N019959 (enclosed). Actual filing fees for irrigation of 1.5 acres is:

\$50 claim fee
<u>\$2 variable fee for 1.5 acres</u>
Total = \$52.00

In order for IDWR to proceed with recommending irrigation as a valid use, you will need to submit an amended claim identifying the claimed number of irrigated acres along with the \$27 difference in filing fees paid vs. filing fees due.

For your convenience, I have enclosed an amended claim for your review. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim and submit it with the \$27 fee to my attention within the next 30 days.

Please feel free to contact me if you have any questions.

Respectfully submitted,
