RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-4637

Dear Claimant(s),

The Idaho Department of Water Resources has received your Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Notice of Claim to a Water Right and supporting evidence. We are unable to complete the recommendation for your Adjudication Claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for irrigation use with a claimed point of diversion and place of use located in Government Lot 3 of the NE ¼ of NE ¼ in Section 11, Township 50N, Range 05W. Based off of the lack of perceivable land development in the claimed location of the place of use, it appears that an error may have been made in the legal description of the point of diversion. It is likely that the location was claimed there to match the original statutory claim, but with improvements in mapping technology that location has changed. The visibly irrigated field within the claimed tax parcel was electronically mapped through our GIS system and lies mostly within the SE ¼ of the NE ¼ in Section 11 (Gov. Lot 3), Township 50N, Range 05W. If this is correct, than an amended claim form will need to be submitted to make the correction.

For your convenience, I am sending you an Amended CSRBA Notice of Claim to a Water Right for Claim No. 95-4637 which includes all of the information from your original claim form, except for sections 4 and 9 so the point of diversion and place of use locations can be corrected. I have also included a parcel location map for you to mark the location of your point of diversion and place of use. Please look over the amended claim and if you wish to make any additional changes to the claim, please initial those changes before signing the form. After your review, please return the completed claim form along with the marked location map to our office at the address listed above. If you believe your original claim is accurate, please return only the map marked with your place of use and point of diversion locations.

Do not hesitate to contact our adjudication staff if you have any questions. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

A handwritten signature in black ink, appearing to read 'Evan W. Roda'.
