E. REASONS SUPPORTING OBJECTION(S): The Point of Diversion (POD) in the Director's Report Recommendation, the NWNW Sec 11 T48N R5E, is mixed private and federal ownership. This quarter-quarter includes parts of at least 6 Mineral Surveys (MS). It appears that this POD is on private land and the actual legal survey would be MS 1787. The water right elements need to include that the POD is on MS 1787 to distinguish that it is not on National Forest System land.
