- 10.

General Provision Individual Water Right All Water Rights
 Should not be recommended.

This general provision was not recommended but should be recommended as described below.

Should be: -----

General provision was recommended but should be modified as described below.

Should be: -----

11. D **I object** because the recommendation contains an accomplished transfer under enlargement of the original right.
12. O **I object because:**
- O This water right should not exist.
 - O This water right was not recommended, but should be recommended the elements described above.

E. REASONS SUPPORTING OBJECTION(S):

The point of diversion and places of use is incorrectly described in the Director's Report.

The locations of the POD and POU have been used at these locations since approximately 2003. See attached map for the correct POD and POU locations for this water right.
