Re: Coeur D'Alene-Spokane River Basin (CSRBA) adjudication claim 95-16533

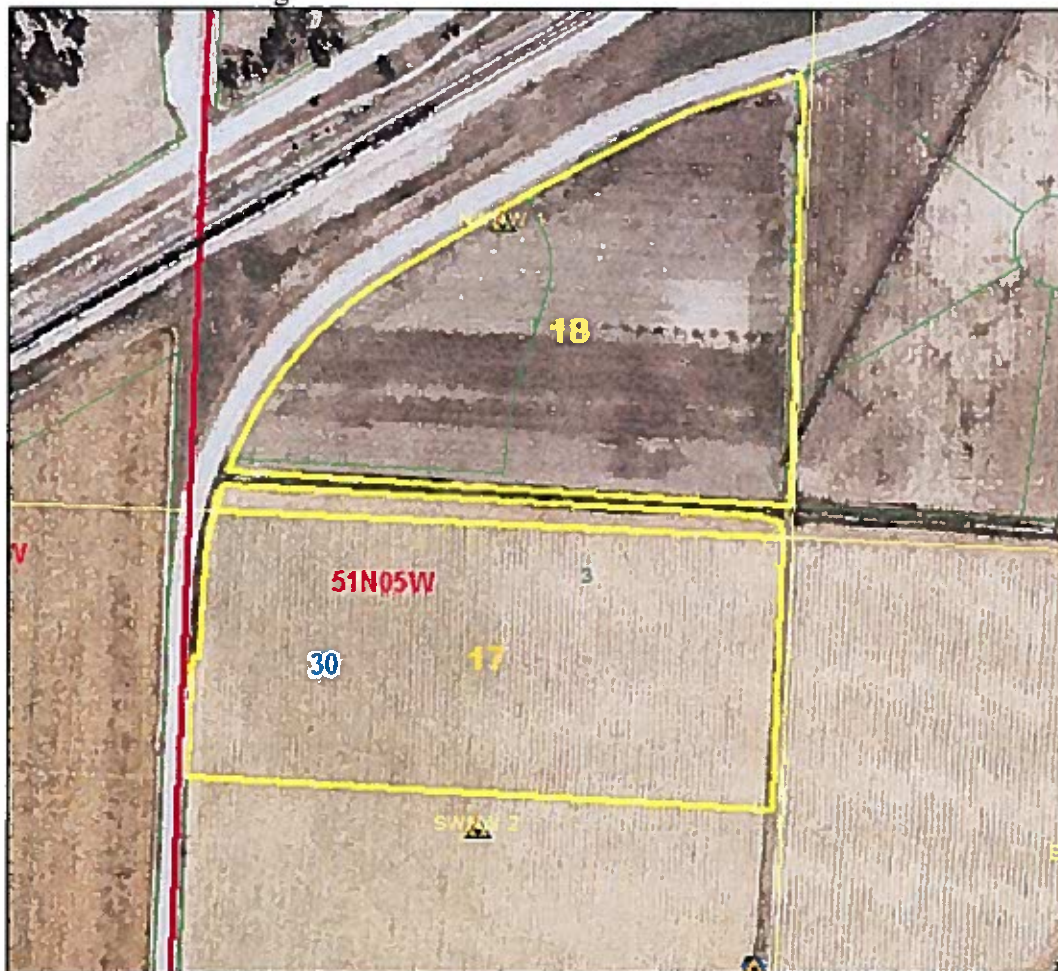

Dear Mr. Waldo,

The Idaho Department of Water Resources is currently in the process of reviewing CSRBA claims filed in your area. You have claimed 20 acres of irrigation which is a portion of original license 95-2137. The original claim map indicates that you irrigate 20 acres within a larger boundary:

This is from the claim map you included with your claim submitted on November 6, 2009

My initial review of your claim seems to indicate that in 2006, 35 acres of property you currently own appears to have been irrigated:

If this is correct, then it would be to your benefit to amend your claim. IDWR cannot recommend more acreage or diversion rate than what is claimed.

For your convenience, I have prepared an amended claim for your review. I have highlighted in yellow the changes I have made. If you wish to amend claim 95-16533, please review the claim, and initial any changes you wish to make. When satisfied, sign the claim and return it to my attention by **September 2, 2015**.

Please feel free to contact me if you have any questions.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Craig L. Saxton'.
