My husband and I have lived at 6006 S. Arrow Rd., Harrison, Idaho since 1971. During that time we were very friendly with our neighbors, Frank and Peggy Ivens, who later sold their property to Jeff and Sue Wombolt.

While the Ivens were still living here, we were in their home numerous times and during the course of normal conversation, they mentioned they were pumping out of the lake for their water supply. It was something they had done all the years they lived there and were still doing at the time they sold to Jeff and Sue Wombolt.

RE: Squaw Bay Property

Dr. Wombolt:

For the purpose of establishing your Water Right for your Squaw Bay Property, I can confirm for you that during my employment with the R.C. Worst Company, I was aware of and worked on your submersible lake water pumping system on or about 1982. To the best of my knowledge, the original system was installed when the home was built in the 40's. I was personally involved in the system repairs that were done in the early 1980's.
