RE: CSRBA CLAIM 95-9730, 95-16087 & 95-16091

Dear Claimants,

You filed these claims for water uses on lands in Bonner County. I am preparing the final recommendations for your claims and need some additional information.

It appears you have developed two springs for use of irrigation and domestic uses. How does the water get into the pond? This may affect how your claim is filed since you may have a diversion to storage use. Are both springs diverted to the house for lawn and garden uses? Each spring will require a designation of a point of diversion; you have only claimed one diversion point. Finally, where is the ground water well located? If you could provide a map showing its location that will allow for clarification of that part of the claim.

Would you please provide an updated phone number? The number on file is now disconnected.

Feel free to contact me on these issues via phone, email or mail.

Sincerely,

STEVE CLELLAND

Sr. Water Resource Agent
