RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim Nos. 95-7141 and 95-8880

Dear Claimant,

The Idaho Department of Water Resources has received your Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Notices of Claim to Water Rights. We are unable to recommend your Adjudication Claims at this time for the following reason.

The Notices of Claim to Water Rights identified with the numbers shown above were filed for the commercial and irrigation use of water from the Spokane River based on previously issued water right licenses. When filing a water right claim based on a previously issued license, all aspects of the original license must be carried over to the new claim form including the use, priority date, diversion rate, diversion volume, place of use, and point of diversion. The water right licenses your claims are based upon are appurtenant to your property, but differ significantly from how you claimed them. Before these water right claims can be recommended to the Court, amended claim forms with the correct water uses and limitations must be submitted.

For your convenience, I am sending you Amended CSRBA Notice of Claim to Water Right forms for each license (Nos. 95-7141 and 95-8880) which include all pertinent information from the originally licensed water rights. Please review the claim forms, and if you wish to make any further changes, initial those changes before signing the claim. After your review, return the signed claim form to our office at the address listed above within 30 days of receiving this letter.

PLEASE NOTE: If an amended notice of claim is not received for this water right, IDWR will recommend these claims as disallowed to the Court and the licenses they are based upon will be no longer be recognized when the adjudication concludes.

Please do not hesitate to contact me if you have any questions. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

Evan W. Roda
Senior Water Resource Agent
Northern Region
