Attention: David B. Shaw

Gentlemen:

Enclosed please find completed forms for water adjudication, Civil Case #39576.

Also enclosed is my check for \$100.00 which covers a filing fee of \$50.00 and a late fee of an additional \$50.00.

I am a lessor of land in the Sawtooth National Forest North of Ketchum, Idaho. Since I am only a lessor I am not listed on property rolls and never did receive a filing notice from your office. Only two weeks ago on my own initiative did I get my name listed thru your Twin Falls office on your computer listing. The property I lease is for my summer cabin.

Since I never did receive a notice and had no idea of filing time or requirements I respectfully request an extension of my filing date be granted together with a refund of the \$50.00 filing penalty. Thank you for your consideration.

RE: Snake River Basin Adjudication

Dear Mr. Camozzi:

We are returning your Notice of Claim to a Water Right filed for your property in Blaine County and your check #272 in the amount of \$100.00. We have noted some problems with your claim which we would like you to correct. I have prepared a computerized Notice of Claim form based on the information in the claim you submitted.

At Item #3, if your spring flows into an above ground free flowing watercourse, please note the name of the stream at "tributary to". If the spring sinks back into the ground, please write "sinks" at this point.

The main problem concerns the legal description for both #4, Point of diversion and #10, Place of use. In both instances you have failed to list the 40-acre tract or quarter-quarter. I have highlighted the two areas you need to complete.

I have prepared a map of the area involved noting Section 5. Please mark on this map your point of diversion and place of use. Using this information we will try to help you more accurately define your legal description if you cannot obtain this information elsewhere.

I note that at Item #15, Basis of claim, you have marked "Permit" as the basis of this claim. We have researched this as best we can from the information you have given us and we can find no permit for Lots 9, 10, 11, 12 and 13 of your subdivision. There are permits and licenses for other groups in your area, but none of the water rights seem to pertain to your particular locale. If you do have a permit or license number for your spring and community water system, please note this on the claim form.

As regards your late filing fee. You were not served in the initial round of service and you were therefore exempt from a late filing fee for this initial filing. However, you will become subject to a late penalty fee if you do not return these documents along with the proper fee of \$53.00; \$50.00 filing fee and a variable fee of \$3.00 for .03 cfs of water; to this office prior to February 16, 1989.

Please return the documents to this office at my attention after you have made the corrections, signed and had your signature verified by a notary public. Please do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff
