SUBJECT: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Right Number 95-13360
& 95-13361

Dear Mr. Wickam:

This letter is regarding information found during my field inspection of August 19, 2016, specifically relating to the place of use listed under Notice of Claim 95-13360. This is the claim for the well water usage at the varied locations throughout the camp site.

When the claim was filed the place of use did not include the locations at the southern portion of the camp where the docks and water spigot are located in the SWNW (3), and the areas east of that in the NENE (1) and NENE, Section 18; and the area directly north in the SE1/4SE1/4, Section 7, all in T49N, R3W. This encompasses all of the property (map enclosed) and appears to correspond with the well water distribution map seen in the pump house.

In order to recommend this additional place of use we need an amended Notice of Claim. Consequently, I have enclosed an amended claim which shows all the property within your tax parcel, and if you are in agreement to the addition of these parcels, ask that you sign and date this amended claim on page three under the organization section.

The map also shows a circular area outlined in blue which represents the irrigation of the parade ground. The blue dots show where the pump site is located and where the well is located. The irrigated area within this section was calculated to encompass 2.5 acres, and this is what the recommendation for the Coeur d'Alene lake source will show; along with a decrease in quantity representative of 2.5 acres rather than 7.4 acres, i.e. 0.07 cfs (cubic feet per second) rather than 0.14 cfs where 0.07 cfs is equal to approximately 31.4 gpm (gallons per minute).

Please review this information and return the signed, amended Notice of Claim number 95-13360, to my attention at the address listed above by **September 9, 2016**. If you have any questions or concerns regarding either claim, please don't hesitate to contact me. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
