Steve,

Richard Olsen came in today and filed a new claim on the Little Wood based on decreed right 37-201. It didn't look like anyone had filed on it yet, but I saw that you had been recommending some around him and from the same POD. I didn't charge him a late fee because he didn't own the ground until 1991 and it looks like the FHA was involved in the ownership for a while and not keeping him informed.

Olson also didn't know he had part of GW License 37-7621 in his name and hadn't filed on his "B" portion. I gave him a Notice to file a Late Claim and a paper Notice of Claim to fill out and told him about having to motion the Court. But I told him that he should check with you and let you know what was going on first, since all the other portions of the license had been decreed. I did charge him the late fee on the GW license, I guess the court can waive it if they want.

I'm sending you the original signed claim 37-201 in the mail today. The POU and POD should be in the SDE claim layer. The GW license was for 33 acres so I tried to find 33 for the new Little Wood claim. He says he irrigates the same ground with both and I think he would agree that there is a bit less than 33 irrigated.
