Re: Evidence of Priority Date for 95-9785 & 95-11857

Steve,

Last week I met with Evan W. Roda from your Coeur d' Alene office. Evan was quite helpful in helping to match up the identification numbers and explaining the type of information that I need to provide.

As per 95-11857, my parents moved to Bayview, Idaho in 1963. At that time I was a young boy and can remember the very large green lawn, many flower gardens and the big fruit orchard which all together equates to about 4 – 5 acres. For 53 years off and on, my brother and I have helped with the watering duties. We have also helped with maintaining the spring, reservoir, and watering system. Throughout the years I can personally contest that we have maintained and used the water from 95-11857 for irrigation purposes.

As per 95-9785 I believe that this water right served a small house that still exists on parcel number B-0000-034-1675/AIN# 207329. This small house was the original Post Office for the town of Bayview back in the early 1900's.
