RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-10186

Dear Claimant,

The Idaho Department of Water Resources has received your Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Notice of Claim to a Water Right. We are unable to recommend your Adjudication Claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for the use of water from Coeur d'Alene Lake for irrigation purposes. The claimed location of water diversion is actually on the Spokane River and not on the lake. It appears that an error may have been made in the claimed water source. Before this water right claim can be recommended, an amended claim must be submitted.

For your convenience, I am sending you an Amended CSRBA Notice of Claim to a Water Right for Claim No. 95-10186 with the corrected source as the Spokane River. As the claimed purpose of use is irrigation, the period of use is restricted to the irrigation season of March 15 to November 15. If you want to extend the period of use beyond that limitation, the purpose of use should be amended to domestic purposes, which includes the irrigation of lawn and garden up to ½ acre. Please review the claim form, and if you wish to make any further changes, initial those changes before signing the claim. After your review, return the signed claim form to our office at the address listed above within 30 days of receiving this letter. As this claim is still pending in the adjudication, there is no charge for the amended claim.

Please do not hesitate to contact me if you have any questions. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

A handwritten signature in black ink, appearing to read 'Evan W. Roda'.
