RE: CSRBA CLAIM 95-9790 & 95-9893

Dear Claimant,

As discussed by phone with Doug Yergens on this day, the claims previously filed by the Water Assn were incomplete and not acceptable as submitted. The enclosed draft claims are prepared based on the records held by IDWR. After discussions with IDWR staff it was determined it would be more accurate to describe the Assn uses as Municipal uses. Therefore both the claims have been converted from domestic and irrigation to municipal uses based on accomplished transfer provisions in Idaho Code 42-1425.

It is not clear in the record if the uses are supplied by one well or two. The claims reflect two diversion points. Please confirm the actual use in Item #5 on the claim form.

There are additional fees due for these two claims to be filed as claimed. 95-9790 has \$8 due and 95-9893 has \$18 due for a total amount due of \$26. Please submit a check for these filing fees.

Please complete a review of the claims, have a representative sign each claim and return the signed claims back to me in Boise.

Feel free to contact me on these issues via phone, email or mail.

Sincerely,

STEVE CLELLAND

Sr. Water Resource Agent
