Thank you John. Your email and the provided map are sufficient to make the correction to your water right claim as the marked well is within the claimed/licensed point of diversion location for Water Right No. 95-7141. Feel free to give me a call with any further questions or concerns.

Evan,
Thanks for your return phone call.
I'll follow up with a phone call this afternoon.

Attached is a map that I hope clarifies my error.
In my head, it was a couple hundred feet.
In reality, it is a couple hundred yards.

Thanks for your help.

John Malloy

True location of Idaho Veneer's "west" well.

mis-identified location. Actually, this is a recycle pond and pump.
