RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Water Works, Inc., to assist us with this task.

The purpose of this letter is to advise you that Water Works, Inc. might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Water Works, Inc. with access to your water diversion system so that their personnel can conduct this field examination. Water Works, Inc. will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. ~~Experience has shown that water users who~~ work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Water Works, Inc. to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte

RE: This claim is filed w/ knowledge that it is in conflict w/ permit statutes.

I met w/ Stephen Drescher, an attorney on 2/28/90. He hand-carried the claim in. I suggested that he look at the permit statutes. He said it wasn't his filing; another attorney in the office had completed it.

We took it w/ him and I directed that he point out the possible problem to the attorney.

The claim was sent in on 3/2. We can therefore assume they choose to file it.

COMMENTS:

Cannot find applicants name or address in county data - NO claim map. But Rose Brian Lane is located only in SWNE but there is no 3800 house number. It looks as though the homes have been renumbered since this claim was filed.

* per field exam - houses have been renumbered + field report and county data confirm this location + address
