In Re SRBA) SPECIAL MASTER'S REPORT
Case No. 39576)
) FINDINGS OF FACT AND
) CONCLUSIONS OF LAW
)
) FOR WATER RIGHT 63-20773

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources (IDWR) examined the water system for this reporting area. The *Director's Report* contained a recommendation or abstract for the elements of this water right.

On June 18, 2007, the Wilder Irrigation District, through its attorney Albert P. Barker, filed an objection to the *Director's Report*, asserting that the source of the water right should be described as wastewater. On October 20, 2008, the parties filed a *Standard Form 5 - Stipulated Elements of a Water Right* which resolved the objection. The Idaho Department of Water Resources concurred with the stipulation.

II. CONCLUSIONS OF LAW

Therefore based on the file and record herein and pursuant to the *Standard Form 5*, IT IS RECOMMENDED that water right 63-20773 be decreed with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.

10 ☐ **I object because:**

☒ This water right Should not exist.

☐ This water right was not recommended, but Should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTIONS(S): There has been no lawful appropriation of this right. The description of the source should have been waste water. The waste waters belong to the Wilder Irrigation District and are not available for private development and appropriation. CONVERSATION MEMORANDUM

**RE: Snake River Basin Adjudication Water Right Nos. A63-9436 & A63-20773
Notice of Error Reply**

October 12, 2006

Shirley Ramsower called in response to the Notice of Error/Preliminary Recommendation packet of information she received in the mail. Mrs. Ramsower began the conversation by stating, "I'm concerned" and began asking about her domestic claim; since she did not receive any information on it in the mailing she received. I explained that our department reviewed and recommended most of the domestic/stockwater claims about a decade ago and that her domestic claim (#63-20775) had already gone through the recommendation process and has been decreed.

Next, she wanted to know why one of her claims was disallowed. I explained that both 63-9436 and 63-20773 are basically the same claim; except for the priority date. I told Mrs. Ramsower that I disallowed licensed right #63-9436 in order that they retain the earlier priority date of 1960 that is associated with 63-20773.
