Dear Mr. Kuch:

We have returning your Notice of Claim. The date of priority is the day the water was first used from the well. We have a copy of the Well Driller's Report that shows that the well was completed on July 14, 1988. We suggest that the amount of water in item#6 be 0.04 for domestic and 0.02 for the stock. It appears that the location for the place of use in item#9 should match the point of diversion (T54N R3W S21 NENE). Would please any changes to the claim and return the claim to our office.

Thank you,
