Dear LAWRENCE & RUTH MCCONVILLE:

As you probably know, Idaho Code requires the Assessor to physically inspect 20% of all properties in the County per year. I will be in your area NOVEMBER 18, 2002. If there have been no changes to your home or property in the last five years, a quick inspection and a check of measurements is all that will be needed. If your property is rented out, please notify your renter that I will be around.

If you would like a specific time for me to be there, please call and we can set an appointment. If you have any other questions, comments, or problems, please call me at 934-5666.

Thank you for your cooperation.

Sincerely,

Linda

MEMORANDUM

TO: ADJUDICATION CLAIM FILES A37-04011, A37-10072, A37-04010

FROM: DANIEL A. NELSON - ASSISTANT HYDROGRAPHER WEST ESPA
MEASUREMENT DISTRICT

DATE: 10-01-98

SUBJECT: KAREN MUELLER ADJUDICATION CLAIMS

Cindy Hodges from the State Office of the Idaho Department of Water Resources' Water distribution Section and I went to the Karen Muellers residence to inventory the above water rights for the West ESPA Measurement District. Enclosed you will find Cindy Hodges field notes and a waiver letter to Ms. Mueller from Cindy.

During this inventory Cindy and I discovered that there are 3 pipes coming from a common diversion box that lead to her property. We measured two of the pipes. The other pipe was used for in house domestic use only with small yard irrigation use. This line is associated with adjudication claim # A37-10072.

One of the two lines measured was used to irrigate a 1/4 acre garden behind the house. This diversion was measured and averaged 6.36 gpm or .02 cfs. We measured this diversion with a bucket and stop watch. This diversion is associated with water right # A37-04010.

The last line from the diversion box is used to irrigate approximately 2 acres of pasture (2 separate fields). The pastures were not measured so I can not say for sure if they are 2 acres (there were a lot of rock piles). We measured this diversion using a bucket and stop watch and came up with a total diversion of .17 cfs.

We waived these rights from the West Measurement district due to the low flows and questionable diversion rates. I would recommend that a feil exam be performed on this claim to determine actual use and allowable use per acre amounts and actual acres.

RE: Water Right Filings

Dear Karen:

Thank you for meeting with Dan Nelson and me last month. As I promised, I would like to follow up regarding the status of your water right claim filings and their exemption from the West Water Measurement District.

We have determined that you will not be required to be a part of the West Water Measurement District. Individually, all three of your water right claims are below the rate of flow threshold which requires measurement. We also found that all three diversions served separate and distinct uses and it was not necessary to consider the combined rates of flow. Your diversions are waived from Measurement District assessment at this time and you will not be required to measure those diversions unless specifically directed by the department in the future.

During our visit, we had discussed amendment of your claims to reduce the claimed rate of flow. This was advised in order to bring the total amount claimed below the measurement threshold and avoid a Measurement District assessment. We felt this would not jeopardize your claims because the rates of flow claimed are either greater than the system capacity or significantly above the standards for your stated beneficial uses.

Since we have awarded you a waiver, you will not be requested to amend your claims at this time. You should be aware that the claims are still subject to reduction during verification for the Snake River Basin Adjudication.

If you have any questions about the Water Measurement District, you may contact Dan Nelson at the Southern Region office in Twin Falls at 208-736-3033. If I can be of any further assistance, please contact me in Boise at 208-327-5406.

Cindy Hodges

LARRY BARLOGI

SUBJECT: WATER RIGHT RESEARCH

He has two water claims a37-04010 and A37-10072 and a third use for irrigation not covered by those claims. We researched the place of use under ajq4 and did not find any water rights for any users of the system. He indicated that he will come back later to file on the use.

SUBJECT: AMENDMENT FOR A37-04010
phone call (.) walk-in (X)

There was some confusion concerning this right and A37-04011. We discussed all his rights and the confusion between the rights. We finally agreed that the system description for this claim was incorrect. When I pulled up the right there were changes made to the claim that did not reflect his copy or the latest department claim. I changed the P/D on the computer to read nwnwnw rather than nenwnw. The system description described the current system so I left it the same although it was not as shown on the original claim. At Larry's request I also changed the remarks to identify the domestic use as being moved to the EAST SPRING rather than the west spring as it read. Larry was uncomfortable with the first remarks statement that referred to the spring sinking and then flowing to the Snake River but he decided to let that comment stand.

Based upon our discussion, I understand the property is served by three systems represented by A37-04010, A37-04011, and A37-10072. A37-04010 is from the north spring and was developed in 1942 for domestic and lawn use. The spring eventually became contaminated and was replaced by the system claimed under A37-10072 (aka the east system.) The change occurred in 1969. The east system has several rights beginning at the "BOX". The third system is the irrigation of the 2 acres through a 3" or 4" line. The BOX system was developed different than the current use.

RE:
MISSING FILE DOCUMENTS

CLAIMANT KAREN MC CONVILLE MUELLER FULTON WAS IN 11-19-1996 ON MY AGENT DAY TO REVIEW WATER RIGHT STATUS FOR PROPERTY SHE HAD RECENTLY BOUGHT IN BASIN 37. ON-LINE DATA WAS UP TO DATE AND WE HAD CHANGED OVER THE OWNERSHIP TIMELY WHEN THE ESCROW DOCUMENTS WERE RECIEVED HERE FROM THE TITLE COMPANY.

I SUGGESTED WE CHECK THE MAPS FOR DETAILS AND WENT TO THE VAULT TO PULL FILES. I COULDN'T FIND ANY FILES BOTH WATER RIGHTS (243 CLAIMS) OR ADJUDICATION (3 CLAIMS IN ALL).

THE MICROFILM PEOPLE COULDN'T FIND THE SRBA CLAIMS SO I ASKED TARA TO LOOK WHEN SHE CAME IN THE FOLLOWING MORNING, WEDNESDAY, 11-20-1996.

TARA WAS ABLE TO FIND THE SRBA CLAIMS THAT TURNED UP IN A MICROFILM BOX. I STILL COULDN'T FIND THE 243 CLAIM COPIES IN THE ALLOCATIONS DRAWER. THE DRAWER IS MISSING NUMBERS 37-04001 THROUGH 37-04015 AS OF MY SEARCH.

I CHECKED THE SRBA MICROFILM AND FOUND ONLY 2 OF THE 3 CLAIMS THERE:

A37-04010 ✓ A37-04011 IS MISSING AND DOESN'T SHOW ON THE BC.
A37-10072 ✓

I CHECKED THE WR MICROFILM AND THE 2 STATUTORY CLAIMS ARE COPIED BUT THERE IS NO HARD COPY FOR EACH NUMBER IN THE DRAWER.

RE: YOUR VISIT OF YESTERDAY HERE TO REVIEW WATER RIGHTS AS A
RESULT OF THE PURCHASE OF THE BARLOGI PROPERTIES IN 1995.

As always happens, I found the woman who was microfilming our files and she found the adjudication claim files when she came in this morning. They were overlooked by the the first staff person I asked to search for them.

So...here are copies that I would have made for you if we had our act together yesterday. I've copied each file for you back to the original claim after the court case (SRBA) began in 1987.

In addition...the blackish copies are marginal copies of the microfilm records of the original statutory claims filed by Barlogi for your review. I was disappointed to not find any maps that would help in the review of the claimed usages. Long-time staff says that the original claims didn't consistently have maps with the forms.

The enclosed copies show the changes made by Barlogi in the form of the amendment and the paper trail to you as the buyer. I include the review of the domestic use by our department's inspector for your review as well.

I enclose a copy of the information guide we give out that may help clear up the definitions of "beneficial use" and "statutory use".

After you've gone through all this please call me with any questions. I will watch for the address and phone number update to come in at your convenience. Best wishes.
