We are returning your claims. For the claims on Bayview Creek we do need the purpose and amount in item #6. You list the date of priority as 1950. Do you have any documentation supporting that date? The county shows that some activity on the "B-Creek" lot took place in 1956.

On the ground water claims you mention there in a First Documentation of 3-3-82. You list that date on one of the claims. Would you please send us a copy of the documentation?

Please return the completed claims and we will continue processing them.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken Knoblock', is written over a faint, larger signature that is partially obscured.
