Re: 95-15607

Dear Mr. Hoener:

Last year we returned your claim to review the Date of Priority. We reviewed your file and found an indication that water was first used in 1969. We suggest you use that date in item#2 of the claim and send the claim to our office.

Thank you,

Dear Mr. Hoener:

We have reviewed your Notice of Claim. The date of priority is listed as April 30, 1996. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claim is incorrect then you can correct the date and return them to our office. Be sure to provide some type of documental to support the date. If the use of water was started after May 20, 1971, then an application for a permit to use the water needs to be filed.

We believe that source of water is Bayview Creek instead of Old Maid Creek.

If there are no changes to the claim we will recommend to the court that it be disallowed.

Sincerely,
