Re: Water Right Subcase No. 92-10086

Dear Ms. Hodgson:

The Idaho Department of Water Resources ("IDWR") understands that an agreement may have been reached to settle the Coeur d'Alene Tribe's objection in the above-referenced subcase. Please be advised that IDWR's current minimum annual volume standard for domestic use is 1.2 acre feet with .6 acre feet for internal use and .6 acre feet for external use. Any recommendation which would deviate from the standard listed above would require additional evidence or documentation.

If you have any questions, please do not hesitate to contact me at (208) 287-4812. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Andrea L. Courtney".

ANDREA L. COURTNEY
Deputy Attorney General
Idaho Department of Water Resources

cc: Kinzo Mihara, Attorney at Law
