Dear Mrs Wafford:

Thank you for the claim
update.

Your Point of Diversion has
to be at least in the 40-acre
tract and ideally identified to
the 10-acre tract.

Please review the enclosed
maps and try to pick out
the house and well location.
It should be within the same
40-acre tract (square)

Someone has made an error
on the location. It may be just
over (north) of the section line.

Thanks, Frank Hitchcock

Dear Mr. and Mrs. Wofford:

Thank you for the quick turnaround of the paperwork. Since you took the opportunity to have the Harleys sign the form I have changed the ownership of claim **A37-10807** into the name of the trust. When the former owners sign off on the ownership change we don't require any proof of ownership.

In other words I bypassed the problem of the legal description that is shown on the warranty deed compared to the legal shown on the claim. I suggest that you now amend or change the claim to show the correct legal description for the point of diversion (the well itself) and the place of use for the home and the stock watering.

I enclose a claim form with the legal descriptions blanked out for your use in identifying the correct locations on your property. As I mentioned before the claim is for usage in the SE of Section 6 and your deed is for the south 1/2 of the NE and Lot 2 of Section 6.

Enter the correct legal descriptions, sign the form and have your signature notarized and return the form to me. I will amend the claim to show the usages.

Sincerely yours,

Francis G. Hitchcock

Dear Mr. and Mrs. Wofford:

Thank you for your prompt return of the quitclaim deed describing the property for your notice of water right ownership involving A37-10807.

I reviewed the legal description on your notice of change with the deed. They don't agree. Your change notice describes the property as T05S R16E Sec. 6 NE NE SE. This is the same legal description as the water right A37-10807 you want to change.

Your quitclaim deed legal description is T05S R16E Sec. 6 S1/2 NE and Lot 2. The Exhibit A legal description doesn't match the legal in the notice of change or the water right claim filed by the Harleys..

I enclose copies of the notice of change, the quitclaim deed, and the claim A37-10807 for your review. I also enclose a sketch of the legal description on a map that shows the water right point of diversion and the place of use taken from the claim in red and the quitclaim deed legal description in black.

Please review the enclosures and let me know if you have additional information that shows your ownership of the property identified in the adjudication claim filed by the Harleys and your notice of change form. I will put your request on hold until I hear from you.

Sincerely yours,

A handwritten signature in cursive script that reads "Frank".
