IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 67-574B V1

1. 167 This right shall receive 100% of its decreed amount until the natural flow of the waters of Mann Creek shall decrease so that all rights cannot receive 100%, at which time this right and other various decreed rights, as established by the district court in Jefferson et al. v. Higgenbotham et al. (Washington County, June 3, 1921), shall be cut to 70% of the said amounts, beginning with the latest right and proceeding to the earliest right in the order of priority.
2. 168 This right is a Secondary Right, as established by the district court in Jefferson et al. v. Higgenbotham et al. (Washington County, June 3, 1921), and, as such, is subordinate to all Primary Rights on Mann Creek.
3. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
