12. Remarks:

Priority Date Explanation:

This Is the date when I first purchased this land in cooperation with my father in law C. A. Chartrand from Mr Spurbeck. Mr. Chartrand had been using creek water for irrigation from the time when he originally purchased his cabin site from Mr. Spurbeck in approximately 1949. At that time we started using Wolf Lodge Creek water to reduce fire hazard and promote grass growth on the 15 (plus) acres purchased as well as on the cabin site adjacent which was then owned by Mr. Chartrand and is now owned by his grandchildren. We have usually used less than a 2 inch intake with a foot valve immersed in the creek, with a smaller than 5 hp pump. We have withdrawn the water from various points on the creek within our property boundary. Although we have never measured the water use, I doubt that we have ever exceeded 13,000 gal in a single day.
