**Water Right #37-11059**

Dear Water Right Holder:

We have been advised you are the current owner of the property and water right shown above. Before we can modify our records to reflect your ownership of the property and water right referenced above, we need Form 42-248/42-1409(6) completed and returned. I have enclosed this form for your use.

Please see Item 8 in the instructions of the ownership change form (highlighted). Because this water right has been partially-decreed, there is a \$25.00 ownership change fee required before we can modify our records.

Please call me toll-free at 1-800/451-4129 if you have any questions.

Sincerely,

Dear Mr. Sharp:

The SRBA clerk's office is in receipt of your correspondence June 4, 2001, regarding the ownership of water right 37-11059. Court records indicate that a Partial Decree was entered for that water right claim on May 1, 2001, in the name of Marty K. Sharp and Mary L. Ritz.

The purpose of this letter is to notify you of the procedure for seeking a change of ownership to a water right to reflect the current owner. A Partial Decree can only be amended through proper judicial proceedings before the SRBA Court. However, in most circumstances, an amendment to the Partial Decree is not necessary to reflect the current ownership of a water right. The ownership of a water right can be updated administratively through the Idaho Department of Water Resources (IDWR). IDWR is the state agency responsible for administering the water right. If you proceed through IDWR, the actual Partial Decree will remain unchanged, although IDWR will have on record the current owner of the water right.

This is the same process that is followed when a water right that has already been partially decreed is subsequently transferred or sold to a new owner. In such a situation, the Partial Decree is not amended to reflect the new owner. Instead, the notification of the change of ownership is processed administratively through IDWR.

If you determine to proceed administratively, enclosed for your convenience is a *Notification of Change of Ownership* form for filing with IDWR. Should you conclude that the Partial Decree needs to be amended under your particular circumstance, you will need to file the appropriate

motion(s) with the SRBA Court, consistent with *SRBA Administrative Order 1* (Oct. 10, 1997) and the Idaho Rules of Civil Procedure. You also will be required to attend any hearing that the court sets pertaining to your motions. You are encouraged to consult with legal counsel if you are uncertain whether to proceed administratively or through the SRBA Court.

Until we are notified otherwise, the SRBA clerk's office will assume that you have elected to proceed administratively and, therefore, will not take any further action in this matter. Should you have any further questions regarding this matter, please contact the SRBA clerk's office at 208-736-3011 or IDWR's adjudication hotline at 1-800-451-4129.

Thank you for your attention to this matter.

Sincerely,

RE: Domestic and/or Stockwater Rights in Reporting Area 16, Basin 37  
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your domestic and/or stockwater water right(s) in basin 37 (the Big Wood River drainage area). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended domestic and stockwater right(s) in your area. Water rights for irrigation and other purposes in basin 37 will be recommended in a later process.

Note that you have 180 days in which to file any objection to our recommendation and to review the domestic and stockwater water rights of other claimants, including those of the United States. Information on the other water rights can be found at the county courthouses in Hailey, Fairfield, Gooding, Shoshone, Mountain Home, and all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the Court does not receive an objection from you about our recommendation, and no other party objects to your water right, your water right will be decreed as recommended after the 180-day objection period. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions that you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher  
Director

If you disagree with the Director's recommendation, you need to file an objection as described below.

## **INSTRUCTIONS FOR REVIEWING THE WATER RIGHTS OF OTHERS**

The complete Director's Report contains recommendations to the SRBA Court on your water right and all other small domestic and stock water rights in your area. The Court will decide how it will decree all water rights. The Director's recommendations in the full report are listed in two sections of the report:

- 1) **List of Recommended Water Rights** -- Water right recommendations are listed alphabetically by source and then chronologically by priority date within each source.
- 2) **List of Claims Recommended to Be Disallowed** -- Water rights recommended to be disallowed are listed numerically by water right number. A short statement of the reason for IDWR's recommendation for disallowance is provided.

Also included in the complete Director's Report are descriptions of the United States' claims for domestic and stockwater under federal law. The Director does not investigate these claims and

makes no recommendation whether they should be granted or not. Sometimes the United States claims one right under both federal and state law. These are called "dual based" claims.

If you want to review someone else's water right you need to look at the complete Director's Report, which is available at the SRBA courthouse in Twin Falls and the locations listed on the third page of this notice. Copies of the report can be made, but you may be charged for copying and mailing.

## **INSTRUCTIONS FOR TAKING A WATER RIGHT CLAIM TO COURT**

### ***What do I do if I disagree with a recommendation or a federal water right claim?***

If you disagree with any element of the recommendation for your water right or anyone else's water right and want to be heard in court, file an objection with the SRBA Court. Objections must be made on the standard objection form available from any IDWR office or from the SRBA Court.

Your objection must be received by the SRBA Court on or before **September 10, 1999**.

### ***What do I do if someone else objects to my water right recommendation?***

If someone files an objection to your water right, or anyone else's water right, you may file a response to that objection. Responses to objections must be made on the standard response form available from any IDWR office or from the SRBA Court.

Your response must be received by the SRBA Court on or before **January 10, 2000**.

### ***What do I do if I want to participate in the court case on someone else's water right?***

If you want to be involved in the court case on any water right in the Director's Report, you must file either an objection or a response by the dates listed above.

### ***What happens if there are no objections to a water right?***

After the deadline for filing objections, IDWR will file a list of all water right recommendations with no objections. The SRBA Court will hear the uncontested recommendations on **November 12, 1999, at 10:00 A.M.** at the **SRBA Courthouse**. Partial decrees will be issued following this hearing.

### ***How will I know about the proceedings on water right recommendations to which objections were filed?***

A notice will be mailed to you for court dates on your water right or for those where you filed an objection or a response. You will not receive notice of court dates on any other water right recommendations. Additional information regarding domestic and stockwater claims in your area can be found on the SRBA Web Site at [www.srba.state.id.us](http://www.srba.state.id.us).

**Note:** The SRBA Court publishes a monthly Docket Sheet listing all objections and responses filed. It does not list court dates for individual water right cases, but provides general information helpful to all participants in the SRBA. The Docket Sheet is available at your county courthouse and all IDWR offices, or you may subscribe by contacting the SRBA Court or IDWR. The annual subscription fee is \$7.50. The Docket Sheet is also available on the SRBA Web Site at [www.srba.state.id.us](http://www.srba.state.id.us).

## **CHANGES OF ADDRESS OR OWNERSHIP DURING THE SRBA COURT CASE**

You must contact your regional IDWR office with your address change or if the ownership of your water right changes. Failure to notify IDWR may result in the loss of your water rights.

## **ADDITIONAL INFORMATION**

If you have questions about the SRBA, public information brochures are available at any IDWR office. Maps and aerial photography of this reporting area, as well as assistance in using the maps and the photography, are available at the IDWR southern region office in Twin Falls. You are also welcome to call IDWR at any of its offices or the SRBA Court. You may also want to consider contacting an attorney to assist you.

## DEFINITIONS OF THE ELEMENTS OF YOUR WATER RIGHT

**RIGHT NUMBER:** Your water right is identified by a number assigned by IDWR. The first two digits identify IDWR's administrative basin number; for example, 37.

**NAME AND ADDRESS:** Your name and address should appear here. IDWR will use the most recent name and address in their records for the water right.

**SOURCE:** The name and/or type of the source where you divert your water. For example: "groundwater," "unnamed spring," "Common Creek."

**QUANTITY:** The amount of water recommended in either cubic feet per second (cfs) and/or the volume of water in acre feet per year (AFY). Each of these small domestic and/or stock water claims is not to exceed 13,000 gallons per day.

**PRIORITY DATE:** The date used to determine the priority of your right in relation to other rights using water from the same source.

**POINT OF DIVERSION:** The legal location where you divert water from its source; generally described as 1/4 1/4 sections down to a 40-acre tract, or smaller. Other legal descriptions that might be used are: government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys and other survey information.

Legal locations for instream flow claims are marked with a beginning point and an ending point.

**PURPOSE OF USE:** This report only deals with claims for small domestic and/or stock water uses, such as yours.

"Domestic right" means a right to the use of water for homes, organization camps, public campgrounds, livestock, and for any other purpose in connection with these uses, including irrigation of up to one-half acre of land.

"Stock water right" means a right to the use of water solely for livestock or wildlife.

**PERIOD OF USE:** The period of time during the year when you can use the water for your right.

**PLACE OF USE:** The legal location where you use your water right; generally described as 1/4 1/4 sections down to a 40-acre tract. Other legal descriptions that might be used are: government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys and other survey information.

**BASIS OF CLAIM:** The method that was used to establish your claim. Examples include prior decree, posted notice, beneficial use (historical) method, license, permit.

**DUAL BASED CLAIMS:** In some cases, the federal government has claimed one right under two theories: a state basis and a federal law basis. Both theories will be reported on one form for that single water right. In most cases, the priority dates are different and will be listed separately. The federal law basis is separately indicated in a box such as this:

```
*****
*                                     *
*                                     *
*                                     *
*****
```

*IDWR does not investigate or make recommendations regarding federal law based claims.*
