IDWR / NORTH

Evan-

Attached is an 1893 BLM map showing the residence of F. Post at the location of the City's currently used well at South Park (Q'emlin Park). Domestic use of this parcel was continued until the City purchased the property and converted the well for use in irrigation and for the park. This is for claim on WR 95-4187. It is our understanding that the well associated with WR 95-4199 was decommissioned in 2011.

Please let us know if you have any questions and thank you for your time.
