This conveyance is intended to secure performance of the covenants and agreements contained herein, and in any Loan Documents, and payment of the indebtedness under the terms of the Note(s) made by Mortgagors to the order of Mortgagee, with interest and charges as provided therein and in the Loan Documents, and any extensions, modifications or renewals thereof:

DATE OF NOTE	PRINCIPAL AMOUNT	FINAL INSTALLMENT DATE
November 2, 1998		November 1, 2008

The terms of the Note(s) and Loan Documents, described above, provide that the interest rate, payment terms or amounts due may be indexed, adjusted, renewed or renegotiated.

Mortgagors and each of them REPRESENT, WARRANT, COVENANT and AGREE:

1. That they have title to the Property free from encumbrances, except as described above, they have good right and lawful authority to convey and encumber the same; they will warrant and defend the same forever against the lawful claims and demands of all persons whomsoever; and they agree this covenant shall not be extinguished by foreclosure or other transfers.
2. To keep all buildings and other improvements, now or hereafter existing, in good repair, not to remove or demolish or permit the removal or demolition of any building or other improvement; to restore promptly in a good and workmanlike manner, any building or improvement, which may be damaged or destroyed; to maintain and cultivate the Property in a good and husbandlike manner, using approved methods for preserving the fertility and productivity thereof; not to change or permit change in the use of the Property; and not to do anything which would reduce the value of the Property.
3. To maintain casualty insurance, naming Mortgagee as loss payee, on all buildings and improvements, against loss or damage by fire or other risks; to maintain liability insurance; to obtain flood insurance at any time it is determined that any building or improvement is located in whole or in part within a special flood hazard area; to pay all premiums and charges on all such insurance when due; and to provide Mortgagee satisfactory evidence of such insurance upon request. All such insurance shall be in such form(s), with such company(ies) and in such amount(s) as shall be satisfactory to Mortgagee.
4. Not to apply or enter into any federal, state, or local program which limits or restricts the use of the Property, in any way, without prior written consent of Mortgagee.
5. To pay all debts and money, secured hereby, when due; to pay, when due, all taxes, assessments, rents and other charges upon the Property and to suffer no other encumbrance, charge or lien on the Property, which would be superior to this mortgage, except as stated above.
6. To specifically assign and deliver to Mortgagee all rents, royalties, damages and payments of every kind, including without limitation insurance reimbursements and condemnation awards, at any time accruing, for any transfer, loss or seizure of the Property, any portion thereof or any rights therein; and Mortgagee may, at its option, apply such amounts in any proportion to any of the indebtedness hereby secured; and Mortgagee shall have the right to enter upon the Property to make full inspection of the Property.
7. To comply with all laws, ordinances, regulations, covenants, conditions and restrictions affecting the Property and its use, including without limitation all environmental laws; not to use or permit the use of the Property for any unlawful or objectionable purpose or for any purpose that poses an unreasonable risk of harm, or that impairs or may impair the value of the Property, or any part thereof; not to apply residue from waste water treatment facilities to the Property without prior written notice to Mortgagee; to remedy any environmental contamination or violation of environmental laws that may occur or be discovered in the future; to allow Mortgagee access to the Property to inspect its condition and to test and monitor for compliance with applicable laws (any inspections or tests made by Mortgagee shall be for Mortgagee's purposes only and shall not be construed to create any responsibility or liability on the part of Mortgagee to Mortgagors or to any other person), to forward copies of any notices received from any environmental agencies to Mortgagee; to provide Mortgagee copies of any independent test or inspection reports on the environmental status of the Property; and to indemnify and hold Mortgagee, its directors, employees, agents and its successors and assigns, harmless from and against any environmental claims of any kind, and all costs and expenses incurred in connection therewith, including, without limitation, attorney's fees.
8. That neither Mortgagors nor, to the best of the Mortgagor's knowledge, any prior owner has created or permitted conditions on the Property, which may give rise to environmental liability; no enforcement actions are pending or threatened; no underground tanks are located on the Property except as already disclosed; any such underground tanks currently or previously located on the Property do not now and never have leaked and no contaminated soil is located on the Property; and Mortgagor's representations, warranties, covenants and indemnities herein and in the Loan Documents shall survive satisfaction of the Note(s) and Loan Documents, foreclosure of this mortgage, acceptance of a deed in lieu of foreclosure or any transfer or abandonment of the Property.
9. To perform all terms and conditions of each water or other contract, described above, if any, and to promptly pay all sums due or to become due under each contract so that no delinquency or default will occur under such contract(s); to perform all acts necessary to perfect and maintain any water permit, certificate, license or other water interest, however designated, described in or used in conjunction with the real property described above; any assignment of any such interest during the term of this mortgage, naming Mortgagee as an assignee shall be for security purposes and shall not alter Mortgagors' obligations hereunder; and any failure of Mortgagors to perform any such obligation shall constitute an event of default.
10. That the term "Grazing Rights," as hereinafter used refers to that portion of the Property, if any, consisting of grazing leases, permits, licenses, privileges, and preferences, or any of them, which have or will be assigned, mortgaged or waived to Mortgagee, together with any additions, renewals, replacements or substitutions thereof; if any portion of the Grazing Rights is a leasehold interest in state lands, such leasehold shall be considered to be real property; such leasehold and all other real property portions of the Property constitute a single operating unit; and in the event of foreclosure, Mortgagee shall have the right to have such leasehold and the other real property sold as a unit and not in parcels; any statements and representations in any applications for Grazing Rights are true and correct;

Mortgagors have received no notice that the Grazing Rights have or are to be terminated, cancelled or modified; and any termination or cancellation of any of the Grazing Rights shall constitute an event of default under this mortgage.

11. To execute any instrument deemed necessary by the Mortgagee to assign, mortgage or waive such Grazing Rights to the Mortgagee; to pay all fees and charges, and to perform all acts and things necessary to preserve and keep in good standing the Grazing Rights; to take no action which would adversely affect the Grazing Rights; to procure renewals of the Grazing Rights upon or prior to their expiration date; to operate the lands covered by the Grazing Rights in conjunction with the other real estate portion of the Property and not to convey or attempt to convey either separately; to forward to Mortgagee copies of any notices received by Mortgagors regarding the Grazing Rights; and in the event of foreclosure of this mortgage, to waive all claims for preference in the Grazing Rights upon demand from the purchaser of the Property at foreclosure sale, or from any successor to such purchaser.
12. That if the Property is within an irrigation block and/or subject to water service contract(s) governed by the provisions of "Federal reclamation law," and the regulations issued thereunder, Mortgagors shall comply with the terms and provisions of said laws, regulations and contracts; Mortgagors, and each of them, for themselves, their heirs, successors and assigns, hereby appoint Mortgagee their attorney-in-fact to select and designate the portion of the Property to be subject to a recordable contract, in the event Mortgagors become subject to the excess land limitation; if Mortgagors fail to comply with the terms of said law, regulations or contracts, or if the delivery of water for the irrigation of the Property is discontinued in whole or in part, Mortgagors shall be in default; in the event the Bureau of Reclamation determines that continued drainage maintenance on the Property is no longer feasible, and Mortgagors purchase other lands offered as a preference purchase right (as an adjustment for wetlands), Mortgagors shall execute a supplemental mortgage on such lands in favor of the Mortgagee; and failure to execute such mortgage on demand, shall constitute an event of default.
13. That in the event of default in any of the covenants or agreements herein, or in any of the Loan Documents, Mortgagee may, at its option perform the same, in whole or in part; any advances, including, without limitation, attorney fees or costs, paid or incurred by Mortgagee to protect or enforce its rights under the Loan Documents, in bankruptcy, appellate proceedings or otherwise, shall be payable on demand and shall become a part of the indebtedness secured by this mortgage.
14. That the indebtedness and obligations secured by this mortgage are personal to the Mortgagors and are not assignable by Mortgagors; Mortgagee relied upon the credit of Mortgagors, the interest of Mortgagors in the Property and the financial market conditions then existing when making this loan; if Mortgagors sell, transfer or convey or contract to sell, transfer or convey the Property, or any portion thereof, or if the ownership of any corporation or partnership, owning all or any portion of the Property shall be changed either by voluntary or involuntary sale or transfer or by operation of law, without prior written consent of Mortgagee, or if Mortgagors default in the payment of the indebtedness, or with respect to any warranty, covenant or agreement in the Loan Documents or if a receiver or trustee for any part of the Property is appointed, or if any proceedings under the bankruptcy or insolvency laws is commenced by or against Mortgagors, or if Mortgagors become insolvent, or if any action is commenced to foreclose or enforce a lien on any portion of the Property, then, Mortgagors shall be in default hereunder.
15. That time is of the essence and in the event of default, at Mortgagee's option, the entire indebtedness secured hereby shall forthwith become due and payable and bear interest at the rate set forth in the Loan Documents for delinquent payments; Mortgagee shall have the right to foreclose the lien of this mortgage, to have a receiver appointed in any court proceeding; to collect any rents, issues and profits from the Property and apply them against the indebtedness hereby secured and to exercise any rights and remedies available under the Uniform Commercial Code for the state in which the property is located; and reasonable notice if required by such Code shall be five (5) days.
16. That the failure of Mortgagee to exercise any right or option provided herein, at any time shall not preclude Mortgagee from exercising any of such rights at any other time; the covenants and agreements contained herein shall be binding on and inure to the benefit of the parties and their respective heirs, successors and assigns; all rights conferred on Mortgagee are cumulative and additional to any rights conferred by law; and if any provision is found to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof and the mortgage shall be construed as though such provision had been omitted.
17. That Mortgagors and each of them join in this instrument for the purpose of subjecting each of their right, title and interest, if any, in the Property, whether of record or otherwise and including any right to possession, to the lien of this mortgage.

RE: Domestic and/or Stockwater Rights in Reporting Area 16, Basin 37
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your domestic and/or stockwater water right(s) in basin 37 (the Big Wood River drainage area). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended domestic and stockwater right(s) in your area. Water rights for irrigation and other purposes in basin 37 will be recommended in a later process.

Note that you have 180 days in which to file any objection to our recommendation and to review the domestic and stockwater water rights of other claimants, including those of the United States. Information on the other water rights can be found at the county courthouses in Hailey, Fairfield, Gooding, Shoshone, Mountain Home, and all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the Court does not receive an objection from you about our recommendation, and no other party objects to your water right, your water right will be decreed as recommended after the 180-day objection period. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions that you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

**NOTICE OF DIRECTOR'S REPORT
REPORTING AREA 16, BASIN 37
FOR SMALL DOMESTIC AND STOCK WATER RIGHTS**

INTRODUCTION

This is the Idaho Department of Water Resources' (IDWR) Director's Report for your small domestic and/or stock water right claimed in the Snake River Basin Adjudication (SRBA). The quantity allowed for each small domestic or stock water right is up to 13,000 gallons per day. An additional Director's Report for irrigation and all other state law based claims in your reporting area will be filed with the court at a later date.

IDWR is providing individual reports like this one to all claimants of small domestic and stock water rights in your area. A complete copy of the Director's Report, listing all of these small domestic and stock water rights claimed under both state and federal law, is available at the SRBA courthouse in Twin Falls and the locations listed on the third page of this notice. Copies of the report can be made, but you may be charged for copying and mailing.

The following instructions and definitions are designed to help you understand this report.

INSTRUCTIONS FOR REVIEWING YOUR OWN WATER RIGHT

The description of your right which is enclosed is only the Director's recommendation to the SRBA Court on your water right. The Court will decide how it will decree your water right. You are free to agree or disagree with the Director's recommendation. If you agree with the Director's recommendation you do not need to do anything, pending further notice as described below. If you disagree with the Director's recommendation, you need to file an objection as described below.

INSTRUCTIONS FOR REVIEWING THE WATER RIGHTS OF OTHERS

The complete Director's Report contains recommendations to the SRBA Court on your water right and all other small domestic and stock water rights in your area. The Court will decide how it will decree all water rights. The Director's recommendations in the full report are listed in two sections of the report:

- 1) **List of Recommended Water Rights** -- Water right recommendations are listed alphabetically by source and then chronologically by priority date within each source.
- 2) **List of Claims Recommended to Be Disallowed** -- Water rights recommended to be disallowed are listed numerically by water right number. A short statement of the reason for IDWR's recommendation for disallowance is provided.

Also included in the complete Director's Report are descriptions of the United States' claims for domestic and stockwater under federal law. The Director does not investigate these claims and

makes no recommendation whether they should be granted or not. Sometimes the United States claims one right under both federal and state law. These are called "dual based" claims.

If you want to review someone else's water right you need to look at the complete Director's Report, which is available at the SRBA courthouse in Twin Falls and the locations listed on the third page of this notice. Copies of the report can be made, but you may be charged for copying and mailing.

INSTRUCTIONS FOR TAKING A WATER RIGHT CLAIM TO COURT

What do I do if I disagree with a recommendation or a federal water right claim?

If you disagree with any element of the recommendation for your water right or anyone else's water right and want to be heard in court, file an objection with the SRBA Court. Objections must be made on the standard objection form available from any IDWR office or from the SRBA Court.

Your objection must be received by the SRBA Court on or before **September 10, 1999**.

What do I do if someone else objects to my water right recommendation?

If someone files an objection to your water right, or anyone else's water right, you may file a response to that objection. Responses to objections must be made on the standard response form available from any IDWR office or from the SRBA Court.

Your response must be received by the SRBA Court on or before **January 10, 2000**.

What do I do if I want to participate in the court case on someone else's water right?

If you want to be involved in the court case on any water right in the Director's Report, you must file either an objection or a response by the dates listed above.

What happens if there are no objections to a water right?

After the deadline for filing objections, IDWR will file a list of all water right recommendations with no objections. The SRBA Court will hear the uncontested recommendations on **November 12, 1999**, at **10:00 A.M.** at the **SRBA Courthouse**. Partial decrees will be issued following this hearing.

How will I know about the proceedings on water right recommendations to which objections were filed?

A notice will be mailed to you for court dates on your water right or for those where you filed an objection or a response. You will not receive notice of court dates on any other water right recommendations. Additional information regarding domestic and stockwater claims in your area can be found on the SRBA Web Site at www.srba.state.id.us.

Note: The SRBA Court publishes a monthly Docket Sheet listing all objections and responses filed. It does not list court dates for individual water right cases, but provides general information helpful to all participants in the SRBA. The Docket Sheet is available at your county courthouse and all IDWR offices, or you may subscribe by contacting the SRBA Court or IDWR. The annual subscription fee is \$7.50. The Docket Sheet is also available on the SRBA Web Site at www.srba.state.id.us.

CHANGES OF ADDRESS OR OWNERSHIP DURING THE SRBA COURT CASE

You must contact your regional IDWR office with your address change or if the ownership of your water right changes. Failure to notify IDWR may result in the loss of your water rights.

ADDITIONAL INFORMATION

If you have questions about the SRBA, public information brochures are available at any IDWR office. Maps and aerial photography of this reporting area, as well as assistance in using the maps and the photography, are available at the IDWR southern region office in Twin Falls. You are also welcome to call IDWR at any of its offices or the SRBA Court. You may also want to consider contacting an attorney to assist you.

DEFINITIONS OF THE ELEMENTS OF YOUR WATER RIGHT

RIGHT NUMBER: Your water right is identified by a number assigned by IDWR. The first two digits identify IDWR's administrative basin number, for example, 37.

NAME AND ADDRESS: Your name and address should appear here. IDWR will use the most recent name and address in their records for the water right.

SOURCE: The name and/or type of the source where you divert your water. For example: "groundwater," "unnamed spring," "Common Creek."

QUANTITY: The amount of water recommended in either cubic feet per second (cfs) and/or the volume of water in acre feet per year (AFY). Each of these small domestic and/or stock water claims is not to exceed 13,000 gallons per day.

PRIORITY DATE: The date used to determine the priority of your right in relation to other rights using water from the same source.

POINT OF DIVERSION: The legal location where you divert water from its source; generally described as 1/4 1/4 sections down to a 40-acre tract, or smaller. Other legal descriptions that might be used are: government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys and other survey information.

Legal locations for instream flow claims are marked with a beginning point and an ending point.

PURPOSE OF USE: This report only deals with claims for small domestic and/or stock water uses, such as yours.

"Domestic right" means a right to the use of water for homes, organization camps, public campgrounds, livestock, and for any other purpose in connection with these uses, including irrigation of up to one-half acre of land.

"Stock water right" means a right to the use of water solely for livestock or wildlife.

PERIOD OF USE: The period of time during the year when you can use the water for your right.

PLACE OF USE: The legal location where you use your water right; generally described as 1/4 1/4 sections down to a 40-acre tract. Other legal descriptions that might be used are: government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys and other survey information.

BASIS OF CLAIM: The method that was used to establish your claim. Examples include prior decree, posted notice, beneficial use (historical) method, license, permit.

DUAL BASED CLAIMS: In some cases, the federal government has claimed one right under two theories: a state basis and a federal law basis. Both theories will be reported on one form for that single water right. In most cases, the priority dates are different and will be listed separately. The federal law basis is separately indicated in a box such as this:

```
*****
*                                     *
*                                     *
*                                     *
*****
```

IDWR does not investigate or make recommendations regarding federal law based claims.
