Dear Claimant:

Thanks for the water right claims that you provided to the Idaho Department of Water Resources (IDWR) Northern Region office for Decreed Water Rights 95-9650 and 95-9709 using water from Lewellen Creek. Additional information is needed from you before IDWR can continue processing your 95-9709 (Irrigation) claim.

Please telephone me about your intent with the 95-9709 Claim after reviewing the enclosed copy of the Claim and a highlighted printout from the Lewellen Creek Decree. Item 4b on the front page of your Claim indicates that you are claiming a diversion along a section of Lewellen Creek in addition to a fixed single point (Item 4a) on the Creek. You have also claimed additional irrigated acreage (20 acres) beyond what is specified in the Decree (see printout). It is unclear if you want to irrigate additional acres or if the instream flow entry is meant for livestock.

I can be contacted via telephone at (208) 762.2800 if you have any questions. Please note that our office in Coeur d'Alene has moved from our former location on Northwest Avenue to the address shown above.

Respectfully,

Shaun M. Maxey
