We can make the change without executing another SF-5. We will change the Court's records, and you can change IDWR's. Thanks.

Subject: RE: 63-26220

Ted,

Can we add to the last of that remark "for irrigation purposes"? The .46 cfs is for the 23 acres between 63-26220 and 63-26219. The .07 cfs on 63-26220 is just for stockwater and happens to bring the total to .47 cfs. It would be a lot clearer if we could have the remark on both recommendations state "Right Nos. 63-21219 and 63-26220 are limited to a total combined diversion rate of .46 cfs for irrigation purposes".

Is it ok to change our records internally and not have to do another SF5? It doesn't change the rights as they were recommended and would only be a clarification. Please let me know what you think.

Thanks,
Jan

Jan,

This right has a diversion rate of 0.47 cfs, but a remark limiting the combined diversion with 63-26219 is for only 0.46 cfs. Please check this out.

CLAIM NO.: 463-24095 - 26219, 26220
- 26241

SUBJECT: Evidence of priority

EMPLOYEE: Mr. Wilson

DATE: Aug 29, 1995

Tim Callanan called regarding evidence of priority for above claims, requesting extension past Sept 1, 1995.

The letter to Mr. John Wilson was inadvertently sent to IDWR, & visa versa. Mr. Wilson is the nephew of the owners (Alderson) and is working on obtaining evidence.

Mr. Wilson is the contact for field exams. Mr. Callanan will call later this week w/ Mr. Wilson's tel. no.

09/12/1995: ~~That~~ Melinda of Elm & Burke called regarding these claims. She wanted to know what information we had on them historically. Since these water rights were not recorded previous to the SRBA, we have not historical records of the rights. Melinda will convey this info to Mr. Callanan and he will continue to pursue evidence for these claims.

Dear Western Region Office:

This letter will confirm the discussion I had with your office on August 29, 1995, in which I was informed that my previous correspondence, dated August 11, 1995, requesting an extension of the September 1, 1995 deadline for submitting proof of beneficial use, was not received by your office. You also agreed to extend the deadline 30 days in which to submit the required proof of beneficial use. The new due date is now October 1, 1995. If this understanding is incorrect, please contact me immediately.

Thank you for your cooperation.

Very truly yours,

Re: Claim No(s) A63-24095

A63-26219, A63-26220

A63-26241

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
