RE: Director's Report of Deferred De Minimis Domestic and/or Stock Water Use
Snake River Basin Adjudication (SRBA)

Dear Mr. Rad and Rad Family Pasture Land LLC:

Please find enclosed the Idaho Department of Water Resources (IDWR) Director's Report of Deferred De Minimis Domestic and/or Stock Water Use, which has been filed with the SRBA Court. The Director's Report contains the recommendations of the stock water use claimed under water rights 85-15676A and 85-15676B. I have also enclosed a Notice of Filing Director's Report of Deferred De Minimis Domestic and/or Stock Water Use (Notice) which contains instructions for reviewing the recommendations and other important information. Most water rights claimed in the SRBA have now been decreed by the SRBA Court.

Please note you have until May 2, 2017, in which to review the recommendations of the water rights and to file any objection you may have to the recommendations, should you disagree with them. Information on filing objections is contained in the Notice. If the SRBA Court does not receive any objections to the recommendations of rights 85-15676A and 85-15676B, the rights should be partially decreed as recommended in the near future.

Sincerely,

Carter Fritschle
Manager, Adjudication Section
