10N	05W	1	11.0	30.0			21.0												62.0

Total Acres: 62

Conditions of Approval:

1. 168 This right is a Secondary Right, as established by the district court in Jefferson et al. v. Higgenbotham et al. (Washington County, June 3, 1921), and, as such, is subordinate only to all rights identified as Primary Rights on Mann Creek.
2. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
3. K06 This right is limited to the irrigation of 12 acres within the place of use described above in a single irrigation season.
4. E55 Right Nos. 67-608, 67-620 and 67-635 are limited to the irrigation of a combined total of 62 acres in a single irrigation season.

IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 67-620 V1

5. 167 This right shall receive 100% of its decreed amount until the natural flow of the waters of Mann Creek shall decrease so that all rights cannot receive 100%, at which time this right and other various decreed rights, as established by the district court in Jefferson et al. v. Higgenbotham et al. (Washington County, June 3, 1921), shall be cut to 70% of the said amounts, beginning with the latest right and proceeding to the earliest right in the order of priority.
6. C05 Right includes accomplished change in place of use pursuant to Section 42-1425, Idaho Code.

Remarks:Comments:

1. segbert 6/16/2004 Source

Comment: The claimed source is Weiser River and not Mann Creek as the decree says

2. segbert 6/16/2004 POU

Comment: The decree is for 12 acres; the claim is for 120 acres

3. segbert 6/16/2004 Quantity

Comment: Cannot verify quantity

4. mvanbussum 3/16/2006 Source & POD

Comment: Claim is for live water from the Weiser River. Decree was for Mann Creek water. POD QQ claimed could be for Mann Creek or off the Galloway Canal. Comments say live water was exchanged in 1941 for Crane Creek water.

5. mvanbussum 3/16/2006 1941 Agreement

Comment: Quote: In fact all of the water to be used in irrigating the said lands, excepting the waters used from Mann Creek, shall be transported from the Weiser River to said lands through the irrigation canal of the party of the first part (WID).

6. mvanbussum 3/16/2006 1941 Agreement

Comment: This agreement pertained to license 67-2169, which was permit 18425 (license issued was 18429). Again, this agreement does not appear appurtenant to claim or decreed right 67-614.

7. mvanbussum 3/16/2006 Live or Storage Water

Comment: Claim appears to be for Crane Creek storage water. Decree was for live water from Mann Creek. There is no evidence of a transfer from live water to storage water.

8. mvanbussum 3/16/2006 1941 agreement

Comment: Reviewer Note: It appears the Mann Creek water was not included in this agreement, based on the quote from the 1941 agreement.

9. dnarsavage 5/4/2006 Source

Comment: Per Carter: I can change the source back to Mann Creek given the evidence from Monica Van Bussum field exam and the fact that 67-620 & 67-635 were decreed from Mann Creek to begin with.

10. dnarsavage 5/4/2006 Quantity

Comment: Claimant claimed the low-water quantity instead of high-water and made mention of this in the remarks. I bumped them up to the high-water quantity.

Re: SRBA claims 67-614, 67-620, & 67-635

April 17, 2006

Dear Mrs. Kerner:

My name is Dan Narsavage, and I am in the process of reviewing claims to water rights in the Snake River Basin Adjudication (SRBA) along Mann Creek near Weiser, Idaho.

After meeting with you on March 20, 2006, Monica Van Bussum related to me the state of your water use as you described to her. It does not appear to me that your claims to water rights from Mann Creek through Ohms Ditch accurately reflect this water use, nor do your claims conform to the decreed water rights appurtenant to your land. Currently, I cannot recommend your water rights as claimed from Mann Creek. Below is a short synopsis of what I require from you to recommend your water rights from Mann Creek as you discussed with Monica:

Please review the three "Notice of Claim" reports included with this letter. These are claims which you filed in 1989 that I have amended to more accurately reflect your current water use and the Jefferson vs Higgenbotham decree. Initial each of the highlighted changes I have made, sign the last page of each claim, and return them to my attention at the address above.

I understand that my request may be unclear to you, but rest assured that it is fairly routine and that I can easily talk you through what needs to be done. For more information or assistance, please contact me using the telephone number or email address provided below before **May 1, 2006**.

Sincerely,

Daniel L. Narsavage
