We can make the change without executing another SF-5. We will change the Court's records, and you can change IDWR's. Thanks.

Ted,

Can we add to the last of that remark "for irrigation purposes"? The .46 cfs is for the 23 acres between 63-26220 and 63-26219. The .07 cfs on 63-26220 is just for stockwater and happens to bring the total to .47 cfs. It would be a lot clearer if we could have the remark on both recommendations state "Right Nos. 63-21219 and 63-26220 are limited to a total combined diversion rate of .46 cfs for irrigation purposes".

Is it ok to change our records internally and not have to do another SF5? It doesn't change the rights as they were recommended and would only be a clarification. Please let me know what you think.

Thanks,
Jan

Returned signed SF5's on 7/24/08 - Noted 63-26219 did not have BNS sig. in front of SF5.

That might work - I think we can try that and if there are any questions, I'm sure Ted or Diana will contact use.

We'll just need to get IDWR signatures first. Jan, I'm sending them your way (attached). If you sign and get these back to me, I'll get Nick's signature. Then if you could give us a couple of days before you send in the NCAP, that would be great.

Thanks,

If the SF-5s are otherwise okay, how about just sending them to the Court first? Then, a couple of days later, send the NCAPs to the Court. I would think the Court would just update the ownership and issue Special Master Reports in the name of the Family Limited Partnership. Am I missing something in my thinking? NBS

Jan,

That's how they were submitted by Wilder. The only bump we potentially have is that on the revised recs that they initialled, they left the ownership as the old owners. I'm not quite sure what the easiest way to handle that is. I'm copying Nick in case he has some ideas short of sending out new SF5s for circulation after the ownership is changed.

Thanks!

I do have this change of ownership. It was found in Lori's office because Sandy had a problem with how to split the stockwater portion. I will work on it now so Lori can do the NCAP's, then we can get the SF5's submitted. Do we have SF5's that were submitted with Aldecoa Heights Family Limited Partnership and are just waiting for the NCAPs?

I looked in the Ownership tracking and no change of ownership has come in for them. Jan took over these rights at the hearing so I don't have the files any more (I changed the bar code). She might know something about them that I don't.

Subject: RE: 63-24095, 63-26219, 63-26220 & 63-26241 (Aldecoa)

I finally received the signed SF5 for 63-26219 from the BOR. I hope to have all of the SF5s in the mail to the SRBA Court today. We should be able to do the NCAP later next week. Thanks!

That might work - I think we can try that and if there are any questions, I'm sure Ted or Diana will contact use.

We'll just need to get IDWR signatures first. Jan, I'm sending them your way (attached). If you sign and get these back to me, I'll get Nick's signature. Then if you could give us a couple of days before you send in the NCAP, that would be great.

Thanks,

If the SF-5s are otherwise okay, how about just sending them to the Court first? Then, a couple of days later, send the NCAPs to the Court. I would think the Court would just update the ownership and issue Special Master Reports in the name of the Family Limited Partnership. Am I missing something in my thinking? NBS

Jan,

That's how they were submitted by Wilder. The only bump we potentially have is that on the revised recs that they initialled, they left the ownership as the old owners. I'm not quite sure what the easiest way to handle that is. I'm copying Nick in case he has some ideas short of sending out new SF5s for circulation after the ownership is changed.

Thanks!

Ray,

I do have this change of ownership. It was found in Lori's office because Sandy had a problem with how to split the stockwater portion. I will work on it now so Lori can do the NCAP's, then we can get the SF5's submitted. Do we have SF5's that were submitted with Aldecoa Heights Family Limited Partnership and are just waiting for the NCAPs?

Thanks,

It sounds like these are yours now. I changed the tracking sheet to reflect you as the agent. These should be resolved once we receive changes of ownership.

Hi Ray,

I looked in the Ownership tracking and no change of ownership has come in for them. Jan took over these rights at the hearing so I don't have the files any more (I changed the bar code). She might know something about them that I don't.

Hi, Sandy -

Have you seen a change of ownership come through on these (changing the name to Aldecoa Heights Family Ltd. Partnership? I didn't see anything on docs. If you recall, they had signed SF5s at the initial hearings, but they changed the name on them.

Thanks,

Ray

Date of Inspection: 4/17/2006
Inspector: Sandy Hemerway

Irrigation: Season 3/1 - 11/15 = 260 days
Confirmed Acres = 5 acres $\times$ 0.03 cfs = 0.15 cfs
Vir = 5.0 acres $\times$ 4.5 = 22.5 af
Vdr = 0.15 cfs $\times$ 260 days $\times$ 1.4835 = 77.4 af
V = 22.5 af

Pipe Capacity: (at POD - sometime there is higher to maximum flow, depending on time of year).

6" pipe = 0.98 cfs maximum capacity

4" pipe = 0.44 cfs (piped under road to concrete ditch)

Bucket Measurement:

$$\frac{6 \text{ gallons} \times 60 \text{ sec}}{5 \text{ sec.}} = \frac{72}{\text{gpm}} \times 0.00223 \text{ cfs} = \boxed{0.16 \text{ cfs}}$$

Stockwater: Table 1 Rec. Div. Rate (Exh. 15A)

Livestock Confirmed: 500 cattle + 5 sheep

1987 (700 calves) cattle 601 - 700 = 0.16 cfs

Current 401 - 500 cattle = 0.12 cfs

Sheep 0 - 25 = 0.02 cfs

* Recommend staying with 1987 figure, since John Wilson stated the numbers go up & down.

Cattle: Vir = $(700 \text{ head} \times 12 \text{ gpd/head} \times 365) / 325,850 = 9.4 \text{ af}$
Vdr = 0.16 cfs $\times$ 365 days $\times$ 1.4835 = 115.8 af
V = 9.4 af

Sheep: Vir = $(5 \text{ head} \times 2 \text{ gpd/head} \times 365) / 325,850 = 0.01 \text{ af}$
V = 0.01 af

ADJUDICATION MEMORANDUM

CLAIM NO.: 463-24095 - 26219, 26220
- 26241
EMPLOYEE: Mr. Wilson

SUBJECT: Evidence of priority
DATE: Aug 29, 1995

Tim Callanan called regarding evidence of priority for above claims, requesting extension past Sept 1, 1995. The letter to Mr. John Wilson was inadvertently sent to IDWR, & visa versa. Mr. Wilson is the nephew of the owners (Alderson) and is working on obtaining evidence.

Mr. Wilson is the contact for field exams. Mr. Callanan will call later this week w/ Mr. Wilson's tel. no.

09/12/1995: That Melinda of Elam & Burke called regarding these claims. She wanted to know what information we had on them historically. Since these water rights were not recorded previous to the SRBA, we have not historical records of the rights. Melinda will convey this info to Mr. Callanan and he will continue to pursue evidence for these claims.

Re: Claim No(s). A63-24095

A63-26219, A63-26220

A63-26241

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

Dear Western Region Office:

This letter will confirm the discussion I had with your office on August 29, 1995, in which I was informed that my previous correspondence, dated August 11, 1995, requesting an extension of the September 1, 1995 deadline for submitting proof of beneficial use, was not received by your office. You also agreed to extend the deadline 30 days in which to submit the required proof of beneficial use. The new due date is now October 1, 1995. If this understanding is incorrect, please contact me immediately.

Thank you for your cooperation.

Dear Mr. Wilson:

It was a pleasure to speak with you yesterday concerning certain water rights filed on behalf of J.D. Aldecoa and Son, Inc. in the Snake River Basin Adjudication. As we discussed, I enclosed a copy of the July 7, 1995, letter from the Idaho Department of Water Resources (IDWR).

The letter from IDWR requests the submission of evidence supporting the priority dates for the following claims: A63-24095, A63-26219, A63-226220, and A63-226241. It is necessary to collect evidence supporting the beginning date of beneficial use for each of these claims. Typically, this evidence is in the form of an affidavit or a sworn statement of a person who has personal knowledge of the beneficial use of the water right. After reviewing this letter, please call and we can discuss the submission of this evidence. You will note that IDWR requested submission of this evidence by September 1, 1995. I have already requested an extension of this deadline, but it is necessary to act without delay.

Please call me as soon as you have reviewed the enclosed letter.

Very truly yours,

RE: Snake River Basin Adjudication (SRBA)
Canyon and Elmore Counties
#A37-04381, #A37-10496 and other Aldecoa Notices of Claim

Dear Counselor:

I have enclosed four original Notices of Claim to a Water Right filed by you on behalf of your clients, J.D. Aldecoa and Son, Inc. and Basil and Dorothy Aldecoa. I have also enclosed a data entered copy of Notice of Claim #A37-04381. Each of these notices has one or more items which requires your attention.

On three of the original notices, the information describing your client's stockwater use appears to be incomplete. One of these three also needs a consumptive use entry in item #8. On the fourth original notice, #A63-10496, the total quantity claimed in item #7 exceeds the total for the use listed in item #6. The data entered copy of #A37-04381 is included so that you may check some interpretations we have made based on the information you provided.

Regarding the stockwater entries, Idaho Department of Water Resources recognizes that stockwater use can be incidental to irrigation use during the irrigation season. In other words, water that is diverted for irrigation use may also be used to water stock during the irrigation season. Such "incidental" stockwater uses do not have to be listed as separate purposes of use in item #6 of the claim notices. Instead, incidental stockwater uses may be claimed by simply writing the type and number of the head of stock in the non-irrigation uses section (item #9) of the notices of claim.

If, however, your clients want to claim rights to stockwater uses outside the irrigation season, then those uses must be listed as separate purposes of use at item #6. The seasons of use and diversion rates for the stockwater uses must also appear in item #6. The total diversion rates (item #7) can be either the additive value of the diversion rates for each use, or it can equal the diversion rate of the greater of the two uses. Correspondingly, places of use for the stockwater uses must be indicated at item #10.

If your clients are claiming stockwater uses that are incidental to the irrigation uses, then please remove the stockwater references at item #6. However, if the stockwater uses on these two notices are separate from the irrigation uses, then please correct items #6, #7, and #10 of each notice as explained in the preceding paragraph. Please have your client initial and date all changes you make.

The data entered copy I have enclosed is for Notice of Claim #A37-04381. In the process of data entry, we have interpreted the data from this claim in a manner which we feel more accurately reflects the true status of this water right. (We interpreted the "5" in item #10 to be an "S".) The items that were modified are highlighted. Please review the enclosed claim to ensure that these modifications are correct.

If you believe our data is incorrect and you wish to make changes to Notice of Claim #A63-10496, then please cross out the incorrect information and insert the correct information, making sure to initial the changes. Then, have your client sign the notice, and have the signature notarized. Finally, return all the notices of claim to this office by January 31, 1992.

If you have any questions, please contact me at 327-7936.

Sincerely,

John D. Carlson
Adjudication Supervisor

RE: J. D. Aldecoa & Son, Inc.
Basil and Dorothy Aldecoa
Snake River Basin Adjudication Claims

Dear Carter:

Pursuant to our recent telephone conversation, I have enclosed Notices of Claim to Water Right in the Snake River Basin Adjudication to be filed on behalf of J. D. Aldecoa & Son, Inc. and Basil and Dorothy Aldecoa. I have also enclosed two separate checks to cover the filing fees for the claims.

Additionally, you should note that several of the claims have an attached Power of Attorney which documents the fact that Dorothy Aldecoa has been granted full authority to sign on behalf of Basil Aldecoa, who is the President of J. D. Aldecoa & Son, Inc. Please contact me if you require further documentation with regard to this issue.

The filing fees which I have enclosed with the claims have been based upon my calculation of the filing fees, together with the late penalty fees associated with the late filing. If you find that my calculations are incorrect in some regard, please contact me and we will make the appropriate adjustment.

After the filing has been completed and recorded with the Department, please provide me with a date stamped, filed copy of the claims so that we may retain a permanent record for our files.
