Comment: POU overlaps with 67-636.

2. mcase 6/16/2004 Period of Use
Comment: Decreed Period of Use is shorter than standard Season of Use. Shoulder remark needed.

3. mvanbussum 8/29/2007 Combined Use Limits

Comment: Received objection to combined use limits (acreage and cfs). I do not see a reason for them being added, as they were not part of the original decree. Removed combined use limits. If this is challenged, 67-714 and 67-14722 were combined to 102 acres and 2.04 cfs and these will have to be added back to the recommendation.

Re: Notice of Claim to a Water Right No. 67-636, 67-714, 67-715, 67-716, 67-14346

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects your change in address.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you again for your patience and cooperation. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Liberty Gagnon". The signature is written in dark ink and is positioned above the typed name and title.

Re: Original Notice of Claim to a Water Right No. 67-11575

Renumbered Notice of Claim to a Water Right No. 67-14346

Dear Claimants:

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a split plan on changing the nature of use by adding a new point of diversion, which is required. Please contact this office if you do not plan on changing any information. You will be notified of any future changes.

Please note, the ownership has been split into 67-716, and copies are enclosed for your records.

Please feel free to contact this office if you have any questions.

Sincerely,

Denise Hatfield
