Re: Notice of Claim to a Water Right No. 67-636, 67-714, 67-715, 67-716, 67-14346

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects your change in address.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you again for your patience and cooperation. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Liberty Gagnon".

RESIDING AT BOISE, IDAHO
MY COMMISSION EXPIRES APRIL 11, 1995

AFFIDAVIT OF WATER USE

Dated this 3rd day of Oct., 1989

I, Don Daniels, previously owned the property that now belongs to Sharon Driessen. During the entire time that I was in possession of that property, from 11/64 to 2/77, I blocked off all of Monroe Creek, before it left my property and I used the water for irrigation. I did this in accordance with the Decreed Water Right that is filed and dated March 16, 1903.

According to the Decree attached, I had use of "all" of the water in Monroe Creek, and as did the owners prior to me, I blocked the water off and used it all.

There is not enough water in Monroe Creek to satisfy all of the Affidavits that were submitted when the Water Resource Board came in and started to adjudicate. The only Decreed water right on that end of the Creek takes precedence over any Affidavit submitted and it is my belief that because of the attached Decree, all of the water legally belongs to what is now the Sharon Driessen property.

Defendant.

Judgment by the Court.

See 412X-1 for land desc.

This cause came on regularly for trial on the 11th day of March, 1903, Lot L. Feltham appearing as Counsel for the Plaintiff and Frank Harris, appearing as Counsel for the Defendant.

Whereupon witnesses on the part of the Plaintiff and Defendant were duly sworn and examined and the evidence being closed the cause was submitted to the Court for consideration and decision and after due deliberation thereon, findings of fact and conclusions of law being waived by the ~~respective~~ respective parties orally in open Court, the Court orders that Judgment be entered herein that the waters flowing in Monroe Creek at the point where the Yardley Ditch taps the same shall be divided equally between the Plaintiff and the defendant and each party shall pay his own costs.

Wherefore, by reason of the law and the premises aforesaid, it is ordered, adjudged and decreed that the plaintiff and defendant shall each be entitled to and shall receive one half of the flow of water in Monroe Creek, in Washington County, State of Idaho, at the point on said Creek where the ditch leading to the Thomas L. Yardley farm taps said Monroe Creek and said water flow shall at said point be ^{divided} ~~divided~~ equally between the parties in this case by suitable appliance, the plaintiff receiving his share to be again turned into said Monroe Creek and the Defendant receiving her share in her said ditch, and that each party shall pay all costs by him incurred in this case.

Judgment rendered this 16th day of March, 1903.

Geo. H. Stewart,
Judge.

Re: Original Notice of Claim to a Water Right No. 67-11575

Renumbered Notice of Claim to a Water Right No. 67-14346

Dear Claimants:

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time. You will be notified of any future action taken on this claim.

Please note, the ownership has also been changed on claim numbers 67-636, 67-714, 67-715 and 67-716, and copies are enclosed for your records.

Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

Denise Hatfield

Greetings.

Enclosed please find what I believe is needed to file a "Change in Water Right Ownership ". This pertains to the six (6) water rights mentioned on Form 42 - 248.

Included are:

1. Form 42 - 248: Notice of Change in Water Right Ownership,
2. the Warranty Deed pertaining to the property,
3. the description (Exhibit A) pertaining to the deed,
4. a map outlining in bold green the areas described in 'Exhibit A' ,
5. A USDA Farm Service Agency Aerial Photo pertaining to rights 67 - 636 and 67 - 716,
6. USGS map copies pertaining to all 6 water rights, and
7. a check for \$25 to cover the ownership change for 67 - 10553.

If this is not complete, we can be reached at the above phone number .
Thanks much.

Sincerely,

Woody Woodcock
